

ecoforce

The ecoforce™ vacuum: both user-friendly and eco-friendly. The best of UK engineering and UK design.

The ecoforce™ vacuum redefines “user-friendly.” Lightweight, non-tipping, and quiet, the ecoforce™ comes with tools for every need, an extra-long 10m cord, and a full bag indicator. The ecoforce™ uses either disposable OR reusable bags!

The ecoforce™ vacuum takes “eco-friendly” to a new level. The built-to-last nickel plated steel ecoforce carries a 10 year guarantee. Washable HEPA filter and post-motor filters assure 99.97% effective filtration of particles ≥ 3 microns, for a cleaner, allergen-free environment. The energy efficient motor provides unbeatable suction, but only uses 4 Amps of power for energy efficiency. The entire vacuum is 97.5% recyclable.

Features

- Uses Reusable OR disposable bags!
