PS25 Electronic Postal Scale

Specifications

This simple weight-only electronic scale is perfect for letter and small parcel mail to ensure correct postage without overpayment. The low profile design is easy to use and store. Features a flip-up letter stand to hold large envelopes. Powered via four AAA battery or USB cable (both included). This model has a Units key to toggle between kg, g and lbs/oz, and an On/Off/Tare key.

The USB interface is designed to work with most of the current USPS application packages to print postage locally from a PC. The scale transmits weight via the USB cable to the PC and the application program then takes the weight for postal calculations.

Capacity:

0 - 1 kg x 0.01 kg / 1 - 11.5 kg x 0.02 kg
0 - 1000 g x 5 g / 1000 - 12000 g x 10 g
0 - 2 lb x 0.1 oz / 2 - 25 lb x 0.2 oz
