The LabelWriter Duo brings together the best of both DYMO label worlds, combining the support of die-cut paper labels – ideal for temporary needs such as mailing labels - with continuous long lasting labels available in various colours and materials. This machine is simply the most versatile label printer in the world. And no one else is even close. The innovative concept of the LabelWriter Duo combines a LabelWriter 400 Turbo and enables continuous printing on durable tape. Duo is the ultimate labelmaker. Print the perfect label for any application.

## COUNTLESS POSSIBILITIES

### PROVEN EXCELLENCE

LabelWriter Duo creates a new dimension in a professional, state of the art label machine. There is nothing comparable on the market. Duo achieves a completely new level of flexibility, quality and productivity. The top of the machine incorporates a full function LabelWriter 400 Turbo printer. It handles labels up to 60 mm wide in a variety of specialised shapes and all at 300 dpi for high quality printing. The bottom enables continuous printing on durable 6, 9, 12, 19 and 24 mm tape. All enclosed by a great design and compatible with both PC and Mac. Connections are through a USB port. This performance is unmatched anywhere.

### THE ULTIMATE LABELER

The DYMO LabelWriters Duo is truly a next generation label printer for all occasions. It optimises productivity and creates a professional, versatile and efficient working environment as well as projecting a powerful and even elegant image of your company.

The Duo is the ultimate tool for printing great looking labels in seconds. Labels for envelopes, files, media, shelves and even cables are just the beginning. The only limit is your imagination.
