

## THE VERSATILE DICTATION SOLUTION

### DICTATION KIT ANALOGUE

**725**  
EXECUTIVE

Author and administrator are united in this powerful machine that allows a smooth transfer of speech-to-text. The lightweight 4-Position Switch microphone can be attached to either side of the unit, so you can control all of the major dictation functions with one hand. Plus, a Sensitivity Switch means that you can select the optimum recording level for the environment. Index Tone markers can prioritise documents, as well as carry special instructions. When transcribing, a large digit LCD shows all the information you need to manage your workload.
