

THIN BLEACH

Toilets • Drains • Washrooms
Floors • Urinals • Sinks

USES

Thin Bleach is suitable for cleaning and deodorising drains, floors, toilets, waste pipes and other areas that need a powerful chemical cleaning action.

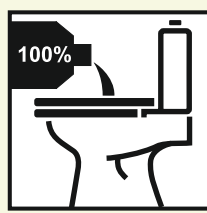

N.B. *Thin Bleach* should be handled with care, as splashes can cause damage to some hard surfaces and some fabrics.

DIRECTIONS

For use on drains, toilets and waste pipes, *Thin Bleach* should be used undiluted.

For general use *Thin Bleach* should be diluted at a ratio of 1 part *Thin Bleach* to 80 parts with water.

N.B. 2. *Thin Bleach* must never be mixed with other chemicals.

AREAS OF USE

Toilets
