## DIRECTIONS FOR USE

**IMPORTANT:** Before using Bostik Blu Tack refer to the relevant Health & Safety Data Sheet, available at [www.bostik.co.uk](http://www.bostik.co.uk).

## PREPARATION

1. Make certain that the surfaces to which Bostik Blu Tack is to be applied are clean, dry and free from dust, grease and loose surface material.

## APPLICATION

2. Simply tear off the amount of Bostik Blu Tack required, pull and stretch until supple, then roll into a ball. Place this between the surfaces to be fastened and press firmly.

## REMOVAL

3. To remove Bostik Blu Tack roll it carefully off the surface. It can then be used again and again. Any remaining shreds can be removed by rolling or dabbing a blob of Bostik Blu Tack over the surfaces.
4. The adhesive properties of Bostik Blu Tack increase with time so take extra care when removing it after a period of months. On some surfaces Bostik Blu Tack may leave an oily mark but lighter fuel (flammable) or proprietary chewing gum remover (non-flammable) can sometimes remove this.
