

# SAFETY DATA SHEET

Toner Powder (Cartridge) for  
B710 series  
B720 series  
B730 series

OKI DATA CORPORATION

**NOTE:-A safety data sheet is not required for this product under Article 31 of REACH. This safety data sheet is provided on a voluntary basis**

# SAFETY DATA SHEET

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1 Product identifier

**Product name:** Black toner powder (cartridge) for  
B710 series  
B720 series  
B730 series

**Product description:** Black Toner

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

**Material uses:** For electrophotographic printing systems

### 1.3 Details of the supplier of the safety data sheet

**Manufacturer:** OKI Data Corporation  
3-1 Futaba-cho, Takasaki-shi, Gunma. 370-8585 Japan  
Tel: +81 27-328-6366 Fax: +81-27-328-6398

**Supplier:** OKI Europe Limited  
Blays House, Wick Road, Egham, Surrey, TW20 0HJ, UK  
Tel: +44 (0) 208 219 2190 Fax: +44 (0) 208 219 2199  
e-mail:SDSQuestions@okieurope.com

### 1.4 Emergency telephone number

**OKI Europe Limited:** +44 (0) 208 219 2190  
(Supported 09:00 to 17:00 UK Time, Monday to Friday  
except Bank Holidays)

## SECTION 2: Hazards identification

### 2.1 Classification of the substance or mixture

This product is not classified as hazardous according to Regulation (EC) No 1272/2008. Safety Data Sheets do not have to be provided for non-hazardous products, however this information is provided as a courtesy to our customers in this format.

#### 2.1.1 Classification according to Regulation (EC) No 1272/2008 [CLP/GHS]

Not classified

### 2.2 Label elements

#### Labelling according to Regulation (EC) No 1272/2008 [CLP/GHS]

Hazard pictogram(s)	Not required
Signal word(s)	Not required
Hazard statement(s)	Not required
Precautionary statement(s)	Not required

### 2.3 Other hazards

None

**SAFETY DATA SHEET****SECTION 3: Composition/information on ingredients****3.1 Substances**

Not applicable

**3.2 Mixtures**

CAS Number	Name	Ingredients (% by wt.)
1317-61-9	Magnetite	40 - 50%
Undisclosed	Polyester	40 - 50%
Undisclosed	Ethylene/propylene copolymer	< 10%
Undisclosed	Styrene/acrylate resin and olefin resin	< 10%
7631-86-9	Amorphous silica	< 10%
13463-67-7	Titanium oxide	< 1%

**SECTION 4: First aid measures****4.1 Description of first aid measures**

<b>Inhalation</b>	Remove from exposure and provide fresh air. Rinse mouth with water.
<b>Skin Contact</b>	Wash with soap and water.
<b>Eye Contact</b>	Flush with a large amount of water for at least 15 minutes. Seek medical advice.
<b>Ingestion</b>	Rinse mouth with water. Give several glasses of water to drink and seek medical advice.

**4.2 Most important symptoms and effects, both acute and delayed**

No information available. No specific symptoms are predicted.

**4.3 Indication of any immediate medical attention and special treatment needed**

No special treatment needed. Treatment based on judgment of the doctor in response to symptoms of the patient.

# SAFETY DATA SHEET

## SECTION 5: Firefighting measures

### 5.1 Extinguishing media

**Suitable extinguishing media:** Water spray, Foam, Dry chemicals. When in a machine, treat as an electrical fire.

**Unsuitable extinguishing media:** No information available.

### 5.2 Special hazards arising from the substance or mixture

None known.

### 5.3 Advice for firefighters

Immediately remove flammable materials from the surroundings. Fight fire from the upwind position. Remove movable containers to a safe place immediately in case of fire in the vicinity. Do not allow non-authorized personnel to access around the fire. Extinguish quickly and completely using specified fire extinguisher. Wear heat-resistant protective clothing, protective gloves and respiratory protection when engaged in fire-fighting.

## SECTION 6: Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

Avoid inhalation. If you spill a large volume of toner, wear proper protective equipment and collect them in closed container.

### 6.2 Environmental precautions

Prevent from entering soil, waterways and ground water.

### 6.3 Methods and materials for containment and cleaning up

Shut off ignition sources. For small spills, sweep up or soak up with damp cloth. (It may catch fire by electric sparks inside the vacuum cleaner and cause explosion)

### 6.4 Reference for safe handling

See Sections 8 and 13.

# SAFETY DATA SHEET

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Technical measures: None required when used as intended in printing device. For use other than normal customer operating procedures (such as in bulk toner processing facilities), local exhaust ventilation may be required.

Notice: Do not incinerate toner or toner cartridge. Do not disassemble a cartridge.

Safe handling advice: Do not incinerate toner or toner cartridge. Do not disassemble a cartridge.

### 7.2 Conditions for safe storage, including any incompatibilities

Technical measures: None

Conditions for safe storage: Keep in cool, dry and well-ventilated area. Keep out of reach of children

## SECTION 8: Exposure controls/personal protection

### 8.1 Control parameters

#### 8.1.1 Occupational exposure limits

No European Union occupational exposure limits.  
ACGIH TLV (2016): 10 mg/m<sup>3</sup> (Total)  
3 mg/m<sup>3</sup> (Respirable)

#### 8.1.2 Biological Limit Value:

None for the product.

#### 8.1.3 PNECs and DNELs:

None available for the product.

### 8.2 Exposure controls

#### 8.2.1 Appropriate engineering controls

None for the product.

#### Individual protection measures, such as personal protective equipment (PPE)

None required when used as intended in printing device. Recommended for use in situations other than normal end user operation (such as in bulk toner processing facilities), protective glove, goggles and respirators may be required.

#### Eye/face protection

Glasses with side protection or goggles. Wear appropriate protective eyeglasses or chemical safety goggles, EN166: 2002 as minimum standard.

#### Skin protection (Hand protection/Other)

Protective gloves. EN374 as minimum standard. Contact the glove manufacturer for specific advice on glove selection and breakthrough times for your use conditions.

## SAFETY DATA SHEET

**Respiratory protection**

Use approved respirators, EN149 as minimum standard. Protection provided by air purifying respirators against exposure to any hazardous chemical is limited. Use a positive pressure air supplied respirator if there is any potential for uncontrolled release, exposure levels are unknown, or any other circumstance where air purifying respirators may not provide adequate protection.

**Skin and body protection**

Protective boots and apron.

**Hygiene measures**

Wash hands thoroughly after handling.

**8.2.3 Environmental Exposure Controls**

Follow best practice for site management and disposal of waste.

**SECTION 9: Physical and chemical properties****9.1 Information on basic physical and chemical properties**

<b>Appearance:</b>	Powder
<b>Colour:</b>	Black
<b>Odour:</b>	Faint odour
<b>Odour threshold(ppm):</b>	No data available
<b>pH(Value):</b>	No data available
<b>Melting point / freezing point</b>	No data available
<b>Initial boiling point and boiling range</b>	No data available
<b>Flash point (°C)</b>	No data available
<b>Evaporation rate</b>	No data available
<b>Flammability (solid, gas)</b>	No data available
<b>Upper/lower flammability or explosive limits</b>	No data available
<b>Vapour pressure</b>	No data available
<b>Vapour density (Air=1)</b>	No data available
<b>Relative Density</b>	No data available
<b>Solubility(ies)</b>	Insoluble
<b>Partition coefficient (n-Octanol/water)</b>	No data available
<b>Auto ignition temperature</b>	No data available
<b>Decomposition temperature (°C)</b>	No data available
<b>Viscosity (mPa. s)</b>	No data available
<b>Explosive properties</b>	No data available
<b>Oxidising properties</b>	No data available

**9.2 Other information**

No other information.

**SECTION 10: Stability and reactivity**

<b>10.1 Reactivity:</b>	None
<b>10.2 Chemical stability:</b>	Stable
<b>10.3 Possibility of hazardous reactions:</b>	None
<b>10.4 Conditions to avoid:</b>	None
<b>10.5 Incompatible materials to avoid:</b>	None
<b>10.6 Hazardous decomposition products:</b>	No data available

## SAFETY DATA SHEET

**SECTION 11: Toxicological information****11.1 Information on toxicological effects**

The toxicity data noted below is based on test results of this materials or similar materials.

**Acute toxicity**

**Ingestion** LD50(rat): >5000 mg/kg (practically non-toxic)

**Dermal** LD50(rabbit): >5000 mg/kg (practically non-toxic)

**Skin corrosion/irritation** Not an irritant (rabbit)

**Serious eye damage/irritation** Not an irritant (rabbit)

**Respiratory or skin sensitisation** Not a skin sensitiser (guinea-pig)

**Mutagenicity** Ames Assay: Negative

**Carcinogenicity** Titanium dioxide is classified as Group 2B by IARC. In animal chronic inhalation studies, rats only showed the incidence of lung tumors which is attributed to excessive burden on rat lung clearance mechanism (overloading). It is assumed that a designated use of this product should not cause such excessive burden on lung clearance mechanism. Epidemiological studies provide no clear evidence of elevated risks of lung tumors mortality or morbidity among the workers exposed to TiO<sub>2</sub> dust. All other ingredients are not classified as carcinogens "ref.1".

**Reproductive toxicity** Not classified as Reproductive and Development chemicals ref.2.

**STOT - single exposure** No data available.

**STOT - repeated exposure** Results obtained from a Xerox sponsored, Chronic Toner Inhalation Study, demonstrated no lung change in rats for the lowest (1mg/m<sup>3</sup>) exposure level (i.e. the level most relevant to potential human exposure). A very slight degree of fibrosis was noted in 25% of the animals at the middle (4mg/m<sup>3</sup>) exposure level, while a slight degree of fibrosis was noted in all the animals at the highest (16 mg/m<sup>3</sup>) exposure level. These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lungs for a prolonged period. This study was conducted using a special test toner to comply with EPA testing protocol. The test toner was ten times more respirable than commercially available Xerox toner, and would not be functionally suitable for Xerox equipment.

**Aspiration hazard** Not applicable

**Target Organs:** No data available.

# SAFETY DATA SHEET

## Information on the likely routes of exposure:

Inhalation, Skin, Eye, Ingestion

## Potential Health Effects

### Inhalation

**Acute (Immediate):**

No data available

**Chronic (Delayed):**

No data available

### Skin

**Acute (Immediate):**

No data available

**Chronic (Delayed):**

No data available

### Eye

**Acute (Immediate):**

No data available

**Chronic (Delayed):**

No data available

### Ingestion

**Acute (Immediate):**

No data available

**Chronic (Delayed):**

No data available

## Symptoms related to the physical, chemical and toxicological characteristics:

No data available

## SECTION 12: Ecological information

### 12.1 Toxicity

The toxicity data noted below is based on test results of this materials or similar materials.

Acute Toxicity

Fish 96hr LC50 (*Oryzias latipes*): > 500 mg/L (practically non-toxic)

Daphnia 48hr EC50 (*Daphnia magna*): No data available

Algae 72hr EC50 (*Selenastrum capricornutum*): No data available

### 12.2 Persistence and degradability:

No data available

### 12.3 Bioaccumulative potential:

No data available

### 12.4 Mobility in soil:

No data available

### 12.6 Other adverse effects:

No data available

## SECTION 13: Disposal considerations

### 13.1 Disposal methods

#### 13.1.1 Residual wastes

Dispose of in accordance with national and local regulations.

#### 13.1.2 Contaminated containers and packaging

Dispose of in accordance with national and local regulations.

# SAFETY DATA SHEET

## SECTION 14: Transport information

Transport in accordance with national, and local regulations.

- 14.1 UN number:** Not regulated
- 14.2 UN proper shipping name:** None
- 14.3 Transport hazard class(es):** None
- 14.4 Packing group:** None
- 14.5 Environmental hazards:** None
- 14.6 Special precautions for user:** None
- 14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code:**  
Not applicable

## SECTION 15: Regulatory information

### 15.1 Safety, health and environmental regulations/legislation specific for the product EU Regulations

This safety datasheet complies with the requirements of EC Regulations 1907/2006 (REACH), 1272/2008 (CLP/GHS) & 453/2010.

- Authorisations:** Not applicable
- Restrictions on use:** Not applicable

### 15.2 Chemical Safety Assessment

A Chemical Safety Assessment has not been carried out for this product.

# SAFETY DATA SHEET

## SECTION 16: Other information

### Methods of evaluation:

The mixture was classified using data available for the mixture and data available for the neat substances with the application of relevant concentration limits, in accordance with Regulation (EC) No 1272/2008 [CLP/GHS].
