-TAX***

The EL792C is an advanced desktop calculator with several unique features to make day to day tasks easier and free of mistakes. The Super Check and Correct feature allows you to recall a calculation automatically and to check the accuracy or to correct mistakes, this also helps avoid the need to write down any calculations on paper. The Change function - usually found only on cash registers - is useful for any trader as it calculates the correct amount of change to give a customer. With so many functions housed within a stylish and slim metallic look casing, the Sharp EL792C is one powerful business tool!

- **Sleek and stylish** - high quality 'metallic' finish
- **12 Digit Large LCD display** - with protective display cover
- **Easy to view** - Tilt display
- **Extra Protection** - with display cover
- **Be methodical!** - with status display and counter
- **Be accurate!** - change button determines the amount of change to give
- **Be fast!** - repeat entry with screen counter lets you same calculations repeatedly
- **Easy to view** - With 3 digit punctuation
- **Super Check & Correct** - scroll through calculations to save writing down
- **Minimise mistakes** - answer check feature
- **+TAX / -TAX** - simple tax calculations
