The new Scott® Control™ Toilet Tissue System has been specifically designed to help control usage in the washroom whilst providing the highest standards of hygiene, delivering uncompromised clean, every single time. This unique Scott® Control™ Aquarius\* Toilet Tissue Dispenser is perfect for delivering exceptional cost in use through reliable, smoothly controlled and consistent dispensing of single sheets of tissue each time. As the highest capacity centrefeed unit available it also helps reduce refill events to improve staff efficiency. It can be easily cleaned with just one wipe, and has no dirt traps - helping to reduce cleaning time. The flat-to-wall design of the dispenser makes it an excellent choice for use in small spaces and the robust, durable, fire-resistant and lockable construction ensures there are very limited possibilities to damage or tamper with the unit. These benefits, coupled with the fact the roll is fully enclosed, ensures you only touch the sheet you use, helping make it the most hygienic dispenser on the market today versus the competition.
