PIR MOTION DETECTION

WEATHERPROOF

DAY/NIGHT VISION

Put the heat on crime with these security camera

- Enjoy day & night protection with the latest thermal-sensing security & have a bird's eye view of your premises in crystal clear Super HD with this impressive 3 Megapixel video surveillance camera
- Seeing is believing from this 3 Megapixel (1536p) camera with resolution that's 1.5x better than 1080p, perfect for seeing close up detail such as license plates, facial detail, clothing colors & more
- See what's happening in any light with infrared cut filter & powerful LEDs producing night vision up to 100ft / 30m & a wide 64° viewing angle
- State-of-the-art True Detect™ PIR motion sensor is designed for security applications with the ability to reliably detect people, cars, large pets & other heat-generating large objects
- With accurate motion detection you have more reliable push notifications & activity-triggered recording, eliminating false triggers due to the wind, falling leaves, bugs, rain & more, saving you hard drive space & playback time (when combined with a DVR)
- Sleek bullet styling & sturdy aluminum construction means the cameras suit indoor & outdoor applications with an IP66 rating for any weather conditions & cable threaded through the mounting stands for added protection
- The camera is the perfect addition if you already have a recording solution (DVR) & need extra surveillance. It can only be used in combination with Swann's Pro-Series HD DVRs including the 4780 series & others^
