EPSON[®]
EXCEED YOUR VISION

We've changed home printing forever

Epson EcoTank printers deliver superb quality, hassle-free printing at an ultra-low-cost. The perfect solution for busy homes, home offices and small businesses, they come with ultra-high-capacity refillable ink tanks allowing you to print thousands of pages without the hassle of replacement ink cartridges.

Enhanced
refill cap

The ink filling system minimises spills with bottles that are easy to open and have an airflow system so squeezing is not necessary during the filling process. The bottles also feature a key-lock design that ensures each tank is filled with the right colour.

Take the hassle out of printing with up to 14,000 pages worth of ink included in the box³.

Home printers

Includes ink to print up to **14,000** pages³

Office printers

Includes ink to print up to **14,000** pages³

Photo printers

Includes ink to print up to **3,400** 10x15cm photos³

Business printers

Print up to **7,500** pages with replacement ink bottles³

5

6

reddot award 2019 winner

Mono printers

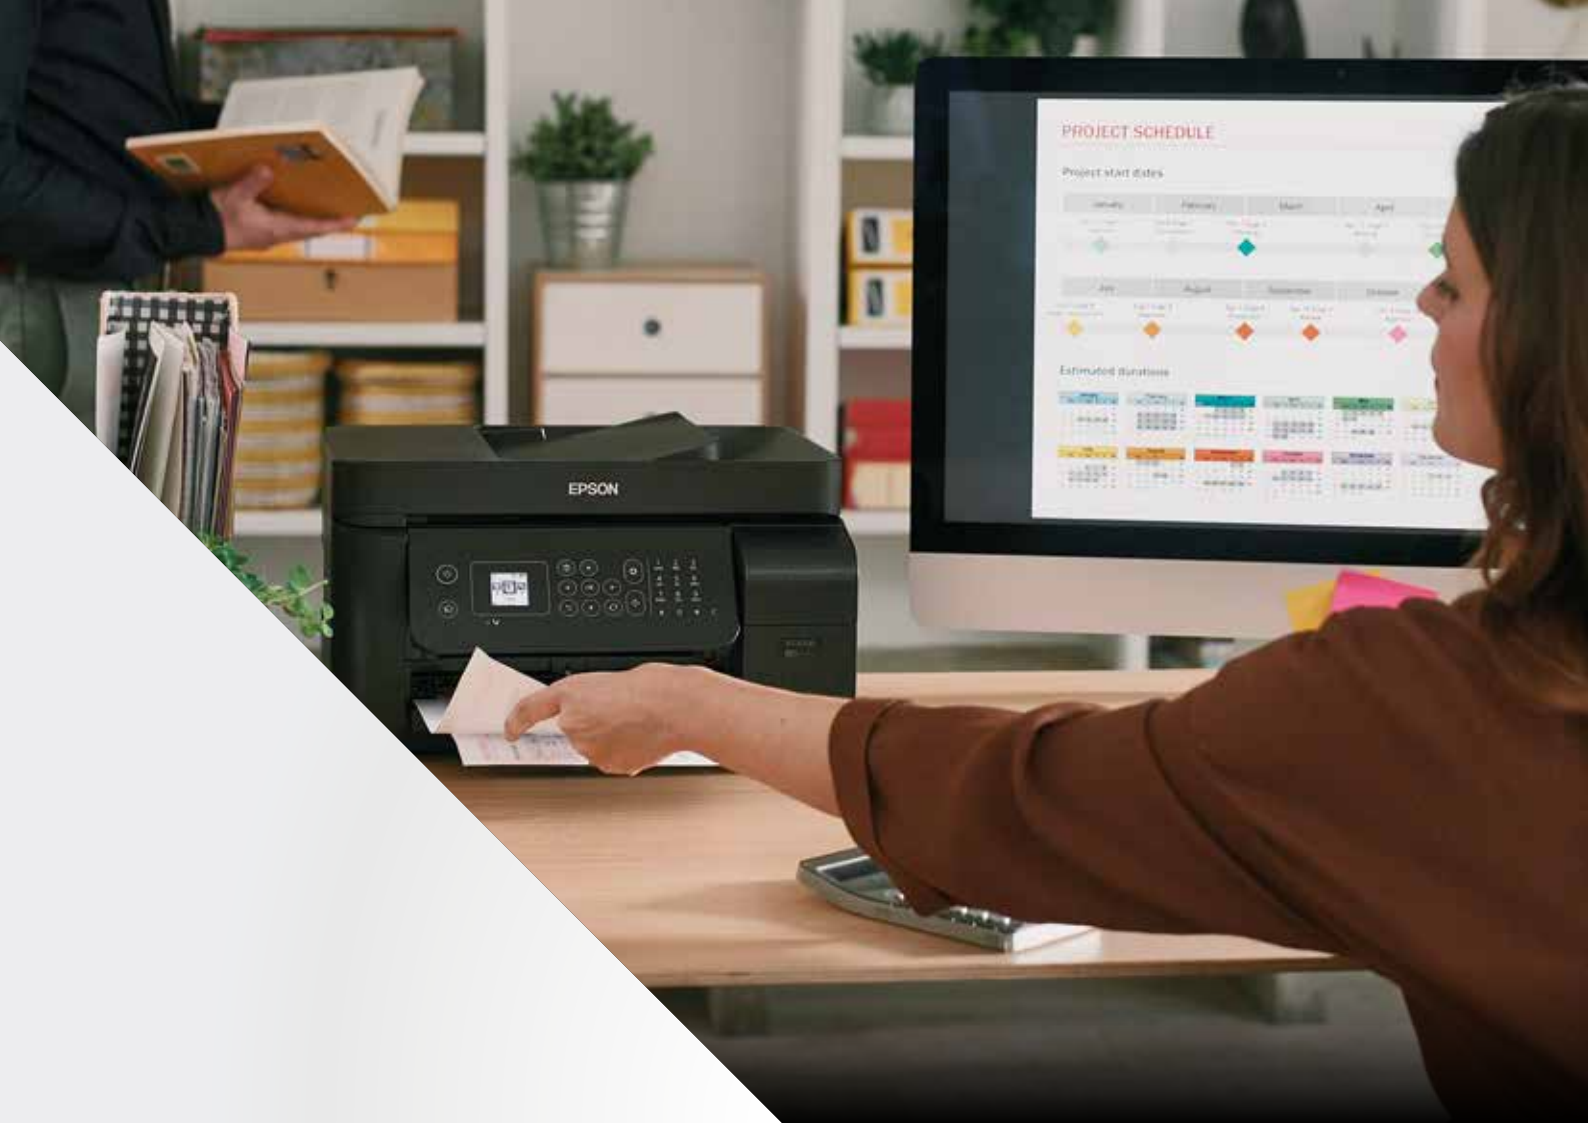

Includes ink to print up to **11,000** pages³

Mobile printing

Easy wireless printing from smartphones and tablets⁴.

Reliable printing from start to finish

Ultra-low-cost printing

EcoTank printers deliver an unbeatable cost per page, helping to reduce the cost of ink by 90%⁷.

Print thousands of pages

Eliminate unexpected costs with up to 14,000 pages worth of ink included in the box, the equivalent of 88 cartridges on average⁷.

Easy-to-use

Enjoying hassle-free printing is as easy as 1-2-3.

1. Fill the tanks
2. Set-up the printer
3. Print

EcoTank for Business

Print more
Print faster
Print cheaper

Introducing our new range of EcoTank printers that are ideal for small businesses. The ET-5800 and ET-16600 series provide ultra-fast colour printing at a low cost per page, as well as an integrated high-capacity ink tank that reduces the hassle of replacing cartridges.

Designed for businesses

Look forward to high-quality printing with all pigment inks which are smudge and highlighter resistant. Combined with a 550-sheet paper capacity, 10.9cm touchscreen and wireless connections to smart devices, this EcoTank series has it all.

High-speed versatility

This EcoTank series is perfect for fast-paced environments with print speeds of up to 25ipm⁸, first-page printout in just 5½ seconds⁹, ultra-fast double-sided printing and rapid ADF.

Save with lower printing costs

Print over 350 pages for just €1.00¹⁰, making this series a cost effective solution for businesses.

Welcome to Heat-Free Technology

Epson's unique Heat-Free Technology offers numerous benefits over laser and thermal inkjet models. To start off, this technology doesn't need to warm up when switched on. A first page can be printed fast, using less power. Running costs are reduced further due to fewer replacement parts being needed (with no heat damage, the printheads last the lifetime of the printer). Epson Heat-Free Technology offers improved reliability, reduced downtime and less environmental impact.

¹Based on the sales volume data obtained from the IDC WW HCP Tracker (Data Q2 2019). ²Epson high-capacity ink tank printers have achieved cumulative global sales of 40 million units since launch in 2010. ³Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 or 29103. Quoted yields are NOT based on ISO/IEC 24711 or 29102. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set will be lower. ⁴Epson iPrint and Epson Creative Print require a wireless connection and the Epson printing app. Epson Email print, Epson Scan-to-Cloud and Epson Remote Print Driver require an internet connection. For more information, supported languages and devices, please visit www.epsonconnect.eu ⁵Only applicable to the following models: ET-M1140, ET-M1170, ET-M1180, ET-M2140, ET-M2170, ET-M3140, ET-M3170 and ET-M3180. ⁶Only applicable to the following models: ET-M1140, ET-M1180, ET-M2140, ET-M3140, and ET-M3170. ⁷Average number of cartridges required /savings achieved printing the same number of pages using the ink bottles included within the EcoTank range, excluding hardware price. Comparison made on the average of the A4 EcoTank range versus the average of the top 10 best-selling models in Western Europe, in the period January 2017– December 2017, as tracked by GfK. Printing costs calculated on the proportion of Standard and XL cartridges as tracked by GfK for the same reference period for the Western European market, using average retail prices. Ink cartridge yields as communicated by the manufacturers' websites. ⁸Determined in accordance with ISO/IEC 24734 showing the average of ESAT from the Office Category Test for default simplex. For more information visit www.epson.eu/testing. ⁹First-Print-Out-Time (FPOT) measurement method: ISO/IEC17629 Office Category Test; paper size A4. A set of Microsoft Word, Microsoft Excel and PDF files (each set containing 4 pages) is continuously printed. Measurement is based on the average time for the first of the four single-sided prints to exit the printer. Measurement starts when the print button is pressed and ends when the first page of the set exits. ¹⁰Number of pages printed is based on the highest cost per page (CPP) of Epson 113 ink bottles. CPP is calculated from the total combined price of cyan, magenta and yellow ink bottles RRP's for colour pages or the black ink bottle RRP's for black pages, divided by the published page yields. RRP correct as of January 2020. ¹¹Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test patterns provided in ISO/IEC 19752. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower. ¹²Average number of toner cartridges for printing the number of pages using the bundled ink bottles with the EcoTank mono range. Comparison made on the average included ink bottle yield of the 2019 EcoTank mono range versus the average included and replacement toner yields of the top 10 best-selling Mono Laser models (up to 20ppm category) in Western Europe during the period January - December 2018, as tracked by IDC EMEA Hardcopy Tracker (Data Q1 2019). Replacement toner yield calculated on the proportion of genuine standard and XL toner as tracked by IDC EMEA HCP Consumables Tracker (Data H2 2018) for the same reference period for Western Europe. Toner yields as communicated by manufacturer's websites. ¹³Savings achieved in 3 years by printing the same number of pages (250 pages per month) using the ink bottles included with the EcoTank mono printers and including hardware price. Comparison of the RRP hardware price of the Epson ET-M1120, ET-M2170 and ET-M3170 models against the average top selling 75% of A4 monochrome laser printers (below 20ppm class) hardware price listed in IDC Worldwide Quarterly Hardcopy Peripherals Tracker 2018Q3 data for the 12 months ending September 2018 (including VAT at 21%). Printing costs calculated on the largest available yield toner in the Western European market using average selling prices listed in IDC EMEA Semi-annual Consumables Tracker 2018H1 for the 12 months to June 2018. Toner yields as communicated by the manufacturers websites. ¹⁴Taking the RRP of the mono EcoTank replacement ink bottles and comparing printing costs calculated on the largest available yield toner divided by the average selling price in the Western European market listed in IDC EMEA Semi-annual Consumables Tracker 2018 H1 for the 12 months to June 2018 (including VAT at 21%). Toner yields as communicated by the manufacturers' websites. ¹⁵First-Print-Out-Time (FPOT) measurement method: ISO/IEC17829 Office Category Test; paper size A4. A set of Microsoft Word, Microsoft Excel and PDF files (each set containing 4 pages) is continuously printed. Measurement is based on the average time for the first of four single-sided prints to exit the printer. Measurement starts when the print button is pressed and ends when the first page of the set exits. ¹⁶Determined in accordance with ISO/IEC 24734 showing the average of ESAT from the Office Category Test for default simplex. For more information visit www.epson.eu/testing ¹⁷Comparison of the power consumption while printing of the Epson ET-M1120, ET-M2170 and ET-M3170 models against the average top selling 75% of A4 monochrome laser printers (below 20ppm class) listed in IDC Worldwide Quarterly Hardcopy Peripherals Tracker 2018 Q3 data for the 12 months ending September 2018. Power consumption values as communicated by the manufacturer's websites. ¹⁸Google Cloud Print is a trademark of Google Inc. ¹⁹Automatic set-up compatible with Windows 10, Windows 8, Windows 7, Windows Vista and Mac OS. ²⁰AirPrint-enabled printers work with iPhone 4s and later, iPad 2 and later, all models of iPad Air and iPad mini, and iPod touch 5th generation with the latest version of iOS, and Mac with the latest version of OSX. ²¹For warranty details please check the product page on your local Epson website.
