# WorkForce Pro WF-C5710DWF

## DATASHEET / BROCHURE

# Cut your environmental impact and business printing costs, all while increasing productivity with less intervention and enhanced security.

This small, 4-in-1 workgroup multifunction device is perfect for the business environment, from small offices to large corporates who may have traditionally used lasers and want to cut costs, increase productivity and reduce downtime. This is while also cutting their business' environmental impact and improving their CSR reputation.

#### Save money

It can help businesses save at least 50% on their colour CPP (cost per page) versus comparable laser models<sup>1</sup>. Designed for workgroups, your business can avoid the hidden employee productivity costs associated with centralised printing. Further lower costs by changing consumables less with its innovative ink supply system.

#### High productivity and low intervention

Delivering the Fastest First Page Out Time (FPOT) in its segment for both colour (5.3 seconds) and mono (4.8 seconds) prints against comparable lasers, it also has the fastest colour scan speed in the segment at 24ipm<sup>2</sup>. Print up to 5,000 pages in monochrome and colour without changing supplies<sup>3</sup>. Largest standard paper capacity of 330 sheets in this market segment<sup>4</sup>.

#### Reduce your impact

Benefit from low-power consumption without compromising on an ultra-sharp output, with at least 90% less energy used than comparable laser models<sup>5</sup>.

#### Built for business

A range of software and tools provide secure print options, efficient scanning and help manage devices remotely. NFC and wireless connectivity also supports printing from mobile devices. And with its smartphone inspired user interface and touchscreen, it's intuitive to operate. Available through Epson's Print365 managed print service.

## **KEY FEATURES**

- Largest ink yield in its segment Print up to 5,000 pages without replacing the ink<sup>3</sup>
- Ecological Uses up to 90 percent less power than competitive colour lasers<sup>5</sup>
- Save money Save at least 50% on colour CPP versus comparable laser models<sup>1</sup>
- Save time Automatic double-sided printing, scanning, copying and faxing
- Built for business DuraBrite Ultra pigment inks

\* Approx. page yield based on ISO/IEC 24711/24712 or ISO/ IEC 29102/29103. Actual yield will vary depending on images printed and usage conditions. For more information visit http://www.epson.eu/pageyield

1. Comparison made against the top 10 best selling colour laser printers, with a print speed between 1 and 30 pages per minute, in Western Europe and Central and Eastern Europe as defined by IDC in the 12 months up to June 2017. CPP data taken from GAP intelligence report for August 2017 and is an average of pricing seen in DE, FR and UK (with value in Euros as quoted by GAP). Epson values based on RRP of XXL ink packs (5,000 pages yield according to IEEE/ISO 24711/24712). Pricing for competitor models was the lowest CPP available.
