

SAFETY DATA SHEET

Product Name:	DEEP CLEANSING LIQUID SOAP BIOFRESH PROTECT 500 ML	Colour	according to standard
Date	January 2012	Odour	according to standard
Pages:	1	pH	5,0–8,0
SDS version	2	Surfactant Content %	8,0-12,0
1. Product and company identification		Viscosity Pa.s	>1000
Trade name	DEEP CLEANSING LIQUID SOAP BIOFRESH PROTECT 500 ML	Density	1,03 g/ml (25 degrees Celsius)
Product Type	Cosmetic product	Refraction	n/a
Manufacturer:	"BIO FRESH" Ltd.	Melting point	n/a
Tel.	+359 32 945 672	Flash point	n/a
2. Staff:		Point of ignition	n/a
Chem.identification:	Component mixture of water, surfactants, conditioning agents, moisturizers, active substances (extracts, natural oils and specialities), perfume, preservative, polymers, colorants	10. Stability and reactivity	
CAS number:	The product is a mixture	Hazardous decomposition products:	No specific data.
3. Hazardous Ingredients:		Reactivity:	No specific data.
General staff:	Component mixture of water, surfactants, conditioning agents, moisturizers, active substances (extracts, natural oils and specialities), perfume, preservative, polymers, colorants	11. Toxicological information:	
Risk Phrases:	R 22 Harmful if swallowed	Based on the ingredients and their concentrations, this product is in compliance with Directive 99/45/EC and is classified as a safe, no skin irritant	
Environment:	In case of spillage can contaminate soil, groundwater and surface water	12. Ecological information	
4. Description of first aid measures:		May cause adverse effects aquatic	
Eye contact:	Rinse thoroughly with water	13. Terms of disposal	
Ingestion:	Rinse thoroughly with water	Do not discharge into sewers and the environment. Easily degradable	
5. Fire Fighting measures		14. Transport information	
Suitable extinguishing media:	Use an extinguishing agent suitable for the surrounding fire.	The product is not hazardous for transport.	
6. Measures accidental spillage		15. Regulatory Information	
Personal protective equipment:	Provide adequate ventilation. Keep away from sources of ignition. No smoking.	Packaging and labeling:	Regulation (EC) № 1223/2009
Environmental precautions	Not be poured into water	Risk phrases:	R 22 Harmful if swallowed
7. Handling and storage		16. Other information	
Recommendations for protection against fire and explosion:	Keep away from sources of ignition	Risk phrases	R 22 Harmful if swallowed R 36 Irritating to eyes
Storage:	Store at temperatures between +5 ° C to +25 ° C away from heat and direct sunlight.	17. Degree of exposure	
8. Exposure controls/personal protection		DEEP CLEANSING LIQUID SOAP BIOFRESH PROTECT 500 ML is used when necessary.	
Respiratory protection:	When ventilation is not required additional measures	In accordance with Regulation (EC) № 1223/2009 information in this SDS is based on knowledge of the product "BIO FRESH" Ltd., in the time of issuing the data sheet Safety Data Sheet is intended to provide information to assess health and safety evaluation of the product and the circumstances under which it was packaged, stored or used in the workplace.	
Eye Protection:	Tightly fitting safety goggles	Users are reminded that there are possible risks if used for purposes other than those for which is intended. For safety evaluation "BIO FRESH" Ltd. is not responsible.	
9. Information on basic physical and chemical properties:		This document is not intended for purposes of quality assurance	
Physical state:	homogeneous mass
