

YOUR HEALTH OUR PRIORITY

Compact Furniture Guide

WE ARE FELLOWES

For more than 100 years, Fellowes® has been helping people be the best they can be while at work. **More productive. More efficient. Happier. Healthier.**

What we stand for.

We are the Fellowes family. We believe the workspace should be an optimal environment for a personal pursuit of meaningful work. We are bonded by a century long commitment to creating workspace solutions that communicate care and respect, and we believe that with the right tools, everyone has the ability to fully harness their potential.

Everything that carries the Fellowes name is a promise of quality, performance, innovation and outstanding customer service.

Discover a healthier workspace.

Only Fellowes offers comprehensive solutions to support holistic wellbeing with innovative designs that blend function, efficiency and aesthetics for effortless integration into the working day.

Helping people achieve their best.

At Fellowes, we are committed to providing workspace solutions that are intuitive, high quality, ergonomic, and dynamic, enabling you to be the best that you can be. Work better. Feel better.

More productive.

Fellowes is committed to making your workstation more dynamic, comfortable and effortlessly productive.

More efficient.

Our products encourage efficiency and seamlessly integrate into your workspace.

Happier.

Be the best you can be. Our products enable you to go beyond just working better.

Healthier.

We believe that office equipment should do more than improve your performance; it should improve your health.

Platinum Series Monitor Arms

Raise your view for a healthy outlook

MONITOR ARMS

Monitor arms help you to enjoy a healthy working position and a far more productive workspace.

They enable you to effortlessly move your screen to the correct height and angle, thereby reducing back, neck and eye strain.

Spark collaboration and teamwork with quick and easy screen sharing opportunities. As well as helping with easy adjustments when desks are used by multiple users.
