## FIREXO 9LTR EXTINGUISHER

| Name                              | Firexo 9LTR Extinguisher |
|-----------------------------------|--------------------------|
| Model/Product number              | 809-765-347-906          |
| Capacity (litres)                 | 9                        |
| Cylinder Height (mm)              | 580                      |
| Outer Width (mm)                  | 190                      |
| Cylinder Material                 | Steel                    |
| Pressurizing Gas                  | Nitrogen                 |
| Test Pressure (bar)               | 30 bar                   |
| Working Pressure at 20 °C         | 12 bar                   |
| Weight Full (kg)                  | 15.79                    |
| Weight Empty (kg)                 | 4.9                      |
| Spray Range (m)                   | 1 - 4                    |
| Discharge Time at 20 °C (seconds) | 45 - 55                  |
| Temperature Range (°C)            | -18 / +60                |
| Warranty                          | 5yr                      |
| Fire Rating                       | 55A/183B/C/D/E/75F       |
| CE Approval                       | CE 0036                  |

### ALL FIRES.

#### METHOD OF USE

In the event of a fire hold extinguisher upright, pull out safety pin, aim at base of fire, squeeze handle and sweep side to side.

Discharge entire contents onto the fire from a 1m-3m distance.

Replace or recharge after use.

Tested on electrical to 35 kV.
