

Powering and Connecting Your World

NEW PRODUCT ANNOUNCEMENT

Rolling TV/Monitor Carts

Rolling Display Carts Bring the Message Directly to the Audience

Model: DMCS60100XX

The video source can travel with the display or interactive whiteboard to provide an all-in-one A/V solution.

Tripp Lite's new display carts combine the convenience of a height-adjustable TV stand with the placement versatility of a rolling cart. The carts make it possible to bring audio/video presentations directly to the audience for more powerful communication.

Available in single-screen and dual-screen styles, the carts instantly transform any area into a state-of-the-art demonstration space or temporary digital signage installation. The carts also allow audio/video resources to be shared within a facility, providing a cost-saving alternative to purchasing multiple setups.

Key Benefits

EASY MOBILITY

- Swivel casters provide smooth rolling from room to room; locking feature keeps the carts in position while at rest.

BROAD COMPATIBILITY

- Carts are available for screens from 32 to 100 inches.
- DMCS60100XX can accommodate interactive whiteboards, including Promethean models.
- VESA-compliant mounting brackets provide no-hassle display installation.

CONVENIENT ADJUSTABILITY

- The height of the displays can be raised or lowered to improve viewing angles.
- Tilt adjustment helps eliminate glare.
- DMCS3270XP has a rotatable mounting plate for portrait or landscape viewing.

SPACE FOR COMPONENTS

- Lower shelf holds a laptop, tablet, Blu-ray™ player or other A/V device.
- Select carts have an upper shelf for a webcam or small projector.
- Cable management openings reduce cord clutter for a clean, professional look.

Perfect for:

Classrooms, conference rooms, auditoriums and trade shows.

Feature Focus

- A** VESA-Compliant Mounting Bracket(s)
 - B** Height-Adjustable Support Column(s)
 - C** Lower Shelf for Laptop or DVD Player
 - D** Lockable Casters (Locking Rear Casters on DMCS3770L)
