The simple and environmentally inspired business printer

Samsung's compact ML-2955DW Laser Printer effortlessly performs faster, quieter and greener.

Samsung Monochrome Laser Printer ML-2950/2955 Series

## Samsung Monochrome Laser Printer ML-2950/2955 Series

### One touch Eco Print and built-in Duplex make it easy for you to save money as you print

#### The performance enhanced, green inspired business printer

Today's business needs a printer that's economical, yet doesn't compromise on performance. Packed full of eco-friendly functionality, it's easy to save money on your printing with the Samsung Mono Laser Printer ML-2950/ML-2955 Series.

From built-in Duplex capabilities that reduce paper usage, to the One Touch ECO Print Button which enables users to select the most eco-friendly settings, such as Duplex, printing 2 pages per sheet and Toner Save mode with a single touch. Everything about the Printer ML-2950/ML-2955 Series helps you to save as you print.

The wide choice of consumables meets a range of budgetary needs. High yield toner cartridges, which are ideal for heavy users, last longer and give you lower costs per page; while, low yield toner cartridges have the advantage of a lower initial outlay.

The Samsung Easy Eco Driver enables you to quickly edit your documents, such as removing bold type fonts, unnecessary images or text to save toner. And with the unique Result Simulator, you can see the estimated percentage CO<sub>2</sub>, electricity and paper you can save with the printer settings you have selected. For example, with the default Eco Print mode selected you could save up to 89% CO<sub>2</sub>, 50% energy and 75% paper usage when compared to normal usage. It has never been simpler to print and save.

#### Performance you can rely on

When you're running a business you need performance you can rely on, and this easy-to-use, laser printer won't let you down. Fast print speeds of 28ppm, coupled with a 533MHz processor and 64MB memory ensure that waiting for your print outs is a thing of the past. While the impressive resolution of 1200 x 1200 dpi guarantees you'll never fail to be impressed with the quality of your prints.

### Compact, smooth and stylish, – the Samsung monochrome laser multifunction printer

#### Designed for productivity

Compact and discrete, the Samsung Mono Laser Printer ML-2950/ML-2955 Series is the ideal printer for the small office environment. And at just 50dBA, you can be sure that the ML-2950/ML-2955 Series won't disrupt anyone from working.

The ML-2950/ML-2955 Series' compact size enables users to optimise their available space. Plus, its dust free design provides a stylish, clean appearance with a smooth top cover and built-in cassette. As well as minimising dust contamination, the dust cover ensures the paper is kept dust free and clean; ensuring reliable, professional prints every time. As one of the smallest built-in Duplex printer available today, you can be sure it will fit seamlessly into any business environment.

#### Wireless connectivity

For users who use multiple mobile devices, like smartphones or Tablet PCs the ML-2955DW\* model delivers the ultimate flexibility. Saving time and hassle, Samsung Mobile Printing enables you to connect your mobile devices directly to your wireless ML-2955DW. There's no need to install a new driver or configure network settings, simply download the Samsung Mobile Printing application from the Samsung Web store, and once downloaded it will automatically detect compatible Samsung multifunctional printers. Giving you the flexibility to print files directly from your mobile device, without having to connect through a PC.

The ML-2955DW's One Touch Wi-Fi Button lets you connect quickly and easily. Simply select the WPS (WiFi Protected Set-up) button on the printer, press WPS button on the wireless access point (router) and you're done. No security keys or passwords required. The ultra-convenient One Touch Wi-Fi Setting automatically configures — and protects — your wireless network for you.

\*Wireless network connectivity available on ML-2955DW only

#### Functional software

**Samsung Easy Printer Manager** enables you to manage all of your Samsung device settings, status monitoring, supplies ordering, scanning and faxing in one convenient, easy-to-use location. You can also utilise advanced functions such as job accounting, event logs and alert settings — providing a single interface to all your Samsung printing device setting and applications.

The **Samsung Universal Print Driver** enables you to print to any Samsung device without having to install a driver for every networked printer. It is also compatible with any printer or multi-function printer (MFP) that utilises PCL6 or PostScript languages, meaning a wide range of devices from different manufacturers can be accessed on the single driver.

Another useful feature is **Samsung's AnyWeb 2.0 Print** software. It allows you to select, drag and drop content from different web pages into a single scrap board, without the need to resize or edit. The pages you create can be saved as tiff files or PDFs, and printed using the Print Screen button or your normal print menu — enabling you to quickly and easily print what you see.
