8X AA BATTERIES

Built tougher than the Australian Outback!

- An amazing surveillance recording system with durable, water resistant casing & battery powered portability can operate in weather conditions & temperatures down to -4°F or -20°C^*
- A day or night camera & DVR allows you to record clear photos with the 12 Megapixel camera or HD 1080p videos at 15 frames per second, with powerful night vision up to 50ft/15m. Track the exact recording time with day, time & moon phase stamping
- Record thousands of photos & hundreds of videos to SD card[^] (up to 32GB), then transfer files to computer for easy uploading to your favorite websites such as YouTube, Facebook etc or view on your digital camera
- Set & forget with long lasting battery operation (uses 4 x AA[^] for standard use or 8 x AA[^] for extended operating time) & motion triggered recording for extended monitoring over several months^{*}
- Keep a lookout in remote areas with portability by mounting to trees, posts or flat surfaces to monitor farm or wild animals, or capture unwanted behavior such as trespassing, vandalism, dumping trash & more

[^] SD Card & batteries not included

⁺ Depending on local conditions

^{*} In cold climates it's best to use Energizer lithium AA batteries.
