

3 ft USB Y Cable for External Hard Drive - Dual USB-A to Micro-B

Product ID: USB2HAUBY3

This 3-foot USB-A to Micro-B Y-Cable provides 2 USB-A Male connectors and 1 USB Micro-B Male connector, providing the ideal solution for supporting the additional power required by some micro USB external hard drives connected to the standard USB ports provided by most computers.

Especially valuable in situations where a single USB 2.0 port may not offer sufficient power to external hard drives, the USB-A to Micro-B Y-cable can be connected to 2 ports on 1 PC to increase the power output to the external device.

Aside from the additional power provided, this 3-foot cable also offers pure digital data transmission for high speed file transfers.

The USB-A to USB Micro-B Y-Cable is backed by StarTech.com's Lifetime Warranty.

Certifications, Reports and Compatibility

Applications

- Connect an external hard drive enclosure to a PC or Laptop without the need for an external power supply
- Replacement cable for external hard drives

Features

- Provides both USB data and USB device power through a single cable
- High Speed USB 2.0 data transfer rates up to 480Mbps
