25m Coax High Resolution Monitor VGA Cable - HD15 M/M

Product ID: MXTMMHQ25M

The MXTMMHQ25M High Resolution VGA Cable (25-meter) is designed to provide the highest video quality possible through VGA, ideally suited for high resolution applications of 1920x1200 and above.

This durably constructed coaxial VGA video cable (HD15 to HD15) eliminates the picture "ghosting" and fuzzy images that are inherent to non-coaxial VGA cables, while delivering superior EMI interference protection by using ferrite cores near the connector ends.
