

TASKI® vento™ 8 and 15

Cord electric canister vacuum cleaner

TASKI vento 15 displayed

Key Features

- ▶ Multifunctional handle
- ▶ Improved air quality
- ▶ Easy to maneuver caster system

Multifunctional handle

- ▶ The functional handle design incorporates a number of features, including an intuitive opening mechanism, ergonomic foot operated on/off switch, and a convenient power cord holder.

Improved air quality

- ▶ Vacuums utilize an industry-leading filtration system consisting of a new disposable synthetic bag, cloth filter, motor protection filter, and optional exhaust filter. HEPA filtration is also available as an additional option. This system results in significantly improved air quality during and after the vacuum operation as well as increased motor life.

Easy to maneuver caster system

- ▶ The use of two large fixed rear wheels and two freely rotating casters ensures maximum stability and maneuverability of this vacuum cleaning system.

A number of standard features

- ▶ The TASKI vento 8 and 15 canister vacuum cleaners feature a mounting system for attachments to ease storage as well as a simple method to secure the power cord. The vacuum also comes with convenient accessories (crevice nozzle and upholstery brush) as standard.

Accessory kit (crevice nozzle, dusting brush nozzle)	7514889
Telescopic tube	7514937

Description of Features

Optional HEPA filter: The vento 8 and 15 vacuum cleaners come with an option HEPA filter that retains particles as small as 0.3 microns in size with an efficiency rating of 99.97 percent. Comparable to the “S-Class” filter, this filter meets the same strict standards for filtration performance.

Quietly efficient: Powerful cleaning and reliable performance define the TASKI vento 8 and 15 canister vacuums.
