

Premium Phone with 100% nuisance call blocking, mobile sync and answer machine

The Premium Phone, powered by trueCall's award winning technology, offers users complete control over which calls they want to take and those they wish to block.

Premium Call Blocker

Premium Phone includes BT's Premium Call Blocker, which means you'll never have to speak to another cold caller again:

- The BT Premium Phone screens incoming calls:
 - o Numbers on your contact list get straight through
 - o Numbers you have blocked are rejected (selected by user)
- For all other calls the blocker asks the caller to say their name and then asks the user whether they want to accept or block the call without speaking to the caller

Blocking calls can be done in a number of ways:

Block by Number

The Premium Phone can block 1000 individual numbers, meaning that you really can avoid speaking to the people you don't want to. Over time, the phone learns which callers you do and don't want to hear

Block by call type

Choose the type of calls you want to block. For example, mobile, international, withheld, unavailable or payphone numbers can all be blocked. Plus you can even block numbers by location (i.e. Use the area code or a suffix).

Do Not Disturb

For those times when you just want some peace and quiet, switch on Do Not Disturb so that your phone won't ring or light up. If you want key friends and family to still get through, they can do, by tagging them as VIP's in your address book.

Main features

- Dedicated block button for one touch blocking
- Block up to 100% of Nuisance Calls
- Store 1000 numbers on your Premium contact list, plus 1000 contacts from each of your synced mobile phones (register 2 mobiles at any one time)
- Block up to 1000 numbers or block calls by type
- Customisable blocker settings giving complete flexibility
- Incorporates award winning trueCall blocking technology
- 200 Name & Number directory
- Auto copy contacts between handsets
- Redial any of the last 30 calls you made
- 1.8" Colour Screen
- Hands free speaker
- Record up to 60 minutes of messages
- Easy guided set up
- Outgoing call controls (PIN protect calls to premium / mobile numbers)
- Backlit keypad for easy dialling even in poor light
- See who's calling before you pick up
- Long range reception up to 300m outdoors, 50m indoors
- Do not disturb mode
- Up to 21 hours of talking and 240 hours on standby
- See who's left you messages
- Easy access to BT calling features (3 way calling, call divert)
- See and hear if you have a second call waiting
