brother.co.uk/ptouch-cube-plus

Perfect for creating labels for around the office

P-touch CUBE Plus

Stylish, PC and App driven label printer

Recharges from your computer's USB port or a USB charger
USB and Bluetooth connectivity
Compact and portable
Works with your PC, Mac, smartphone and tablet
Fast, high quality printing
Prints labels up to 24mm in width.

Many design options from your PC or mobile devices

PC and Mac
Free Brother P-touch Editor design software gives you powerful editing tools to create the ideal label for your workplace.

- Available as a free download from Brother support
- Variety of barcode protocols available for barcode creation
- Include images such as a photo or a company logo
- Hundreds of built-in clipart, symbols and frames to choose from
- Link to text contained in an Excel or .csv file to easily print multiple lablels with variable information.

Android and iOS
The free Brother iPrint&Label app connects to your label printer using the Bluetooth connection in your smartphone or tablet.

- Available as a free download from your mobile device app store
- Edit, then print durable labels directly from your mobile device
- Include images such as a company logo
- Bluetooth connectivity makes it incredibly easy to setup and use.

Limtless power
Inside the P-touch Cube Plus is a small yet powerful Lithium Ion battery that recharges while connected to your computer. Or plug into any standard USB mains power adapter to recharge on-the-go.
