BUFFALO™

SSD-PMU3

Small and light-weight external SSD

Buffalo's MiniStation SSD is the ideal external storage device for users seeking additional storage space and fast transfer rates in the smallest and lightest possible format. Its elegant chassis measures only 80 x 49.5 x 9.4 mm and it weighs merely 30 g. MiniStation SSD's "Read" performance can reach above 420MB/s and "Write" performance above 370MB/s.

The external SSD is equipped with a USB 3.1 port – backward compatible for USB 3.0/2.0 – and can be formatted to support both PC and Mac® ensuring you can connect to most computers and devices. Thanks to its shock resistance and software encryption the SSD-PMU3 keeps data protected when on the move. For extra convenience and easy connection the portable device comes with a 30cm-long cable.
