

Shockproof and Secure

Buffalo's new MiniStation™ Safe (HD-PNFU3 series) is a slim, SuperSpeed USB 3.0, portable hard drive that comes in a patented shock-proof chassis and features Buffalo's new Lock-and-Go feature – thereby protecting your data in two important ways!

Firstly, Buffalo™ gave the HD-PNFU3 a sleek design with an attractive matte finish and Buffalo's patented shock-proof chassis.

The second protection comes from Buffalo's new Lock-and-Go feature allowing both PC and Mac users to quickly and easily password-protect their data. The MiniStation™ Safe will stay locked until the correct password is re-entered – no matter where you take it!

Want more protection? With Buffalo Tools' SecureLockMobile PC users can software encrypt their device and have the option to keep both encrypted and unencrypted data on the same drive. Files are password protected once moved into an encrypted container and users can choose between 128 or 256 bit encryption (default value is 256 bit). The difference: 128 bit encryption could theoretically be cracked in a billion years; and 256 bit would take even longer – using a super computer! This type of encryption has never been broken and governments and businesses place a great deal of faith that it never will be.

The new HD-PNFU3 MiniStation™ Safe brings you the Buffalo quality you know and trust in a small, attractive, and secure package. MiniStation™ Safe is available with 1, 2, 3 and 4 TB capacities. All capacities are available in black; 1 TB capacity is also available in red.

HD-PNFU3-EU

Features and Benefits

- Buffalo's patented shock-proof chassis helps physically protect your data
- New Lock-and-Go feature requires password to access drive
- Buffalo Tools' SecureLock Mobile offers PC users further protection with Advanced Encryption Standard 256 bit software encryption
- Available in 1, 2, 3 and 4 TB capacities
- SuperSpeed data transfer with USB 3.0
- All capacities available in black, 1TB capacity also available in red
- Thin and lightweight:
 - 1TB: 16 mm and 170 g
 - 2TB, 3TB: 21.5 mm and 240 g
 - 4TB: 21.5 mm and 250 g
- USB powered, no additional power supply needed
- Plug-n-Play ready for immediate use
- Also comes with Buffalo™ Tools' eco Manager feature to conserve energy

Specifications

Internal Hard Drives	
Number of Drives	1
Hard Drive Capacities	1 TB, 2 TB, 3 TB, 4 TB
Interface	
Standard Compliance	USB3.0
Connector Type	Micro-B type
Number of Ports	1
Interface Speeds	Max. 5Gbps
Other	
Dimensions (WxDxH)	1 TB: 79.5x16x115 mm 2 TB, 3 TB, 4 TB: 79.5x21.5x115 mm
Weight	1 TB: 170 g 2 TB, 3 TB: 240 g 4 TB: 250 g
Operating Environment	5-35 °C, 20-80 % (non-condensing)
Power Supply	DC 5 V (USB powered)
Client OS Support	Windows 8.1/Windows 8/Windows® 7 (32/64bit), Mac OS® X 10.9/10.8/10.7
