

intimus F-200

A4 folding machine for office use

Compact folding machine with four different folding types for professionally folded business mail, mailings, invoices etc.

Push-down feed unit with capacity for up to 250 sheets and stream delivery paper ejection system conveyed by belts and four manually selectable ejection roller positions.

Precise

Easy fold plate adjustment thanks to the settings overview with symbols and colour codes on the machine.

Control panel

Four push buttons and the digital display with addition/subtraction batch counter guarantee an easy, uncomplicated operation. Display indicates paper errors.

Durable

Robust metal construction with 3 paper feed rollers for short and repetitive runs as well as peaks.

Easy storage

Feeding and exit tray can be fold away for easy transportation and storage of the machine.
