Version : 1960/4 engl

1. TRADE NAME STABILO® Trio® Wallet
2. ARTICLE NUMBER 1960 /12-.. – 1960 / 24-..
3. SUPPLIER DETAILS STABILO International GmbH Schwanweg 1, D-90562 Heroldsberg Further product information: info@stabilo.com or www.stabilo.com/de/faq Emergency - Hotline: Poison Information Centre Munich Tel.: +49-89-19240
4. PHYSICAL AND SAFETY DATA Classical wood-cased, coloured pencil, child-friendly triangular form. Elastic and break-resistant thin lead, diameter 2.5 mm, completely lacquered in the lead-colour. Rounded rear end, visible lead-colour. Bound emulsion-lead, partly paintable, contours remain visible. Transparent plastic wallets with 12 and 18 colours. The colour-pencils are not available individually. The wallets are available in various language versions. The product complies with the CE-guidelines. When stored and used properly, no hazardous reactions can be expected. In case of fire, carbon monoxide (CO), carbon dioxide (CO ₂) and with some colours nitric oxides (NO _x) will be set free as thermal decomposition products. When not used properly, the product may stain the skin, mucous membranes or clothing and fabrics. In some materials, the stain might be permanent. The light-fastness of the colours is different, painting may fade, when exposed to sunlight or direct light. Cf. individual data. The best storage conditions are at room temperature (22 °C) and with controlled humidity (65 % rH). In case of contact with the eyes, rinse out open eye thoroughly under running water for several minutes. If complaints persist, contact an ophthalmologist. Based on the Regulation (EC) No. 1907/2006 („REACH“), this commercial product is not a hazardous substance, a hazardous mixture or a hazardous substance in an article. Therefore a Safety Data Sheet is not required according to article 31 of the REACH Regulation.
5. TRANSPORT INFORMATION Not classified as dangerous goods with respect to the transport regulations.
6. ECOLOGICAL INFORMATION / DISPOSAL CONSIDERATIONS The product may be added to the household waste in small quantities. Larger quantities are to be disposed of under compliance with local public authority regulations, e.g. at a suitable waste disposal site or incinerator. The raw-materials, used in the pencil, do not have environmental consequences, as they are sufficiently adsorbed in the activated sludge of sewage works and eliminated from the water. The pigments used are not soluble in water. The combination of self-emulsifying waxes is sufficiently biodegradable. The wood, used for the production of the pencils, is a natural re-growing material from managed plantations and fully biodegradable.
7. OTHER INFORMATION The information herein is based on our present state of knowledge and on data considered to be accurate as of the date of preparation of this Product Information and is intended to describe our products from the point of view of safety requirements. However, no warranty of representation expressed or implied is made as to the accuracy or completeness of the foregoing data and safety information. The user assumes all liability for any damage or injury resulting from the abnormal use from any failure to adhere to recommended practises or from any hazard inherent in the nature of the product. The article and its packaging materials contain no substances included on the candidate list according to article 59 (1,10) of Regulation (EC) No.1907/2006 (REACH) in a concentration above 0,1% weight by weight.
