

## 2U Blank Panel with Tool-less Installation - Filler Panel for Server Racks and Cabinets

Product ID: RKPNTL2U

You can improve the appearance and airflow of any standard 19-inch server rack in seconds, using this 2U blanking panel. This TAA compliant product adheres to the requirements of the US Federal Trade Agreements Act (TAA), allowing government GSA Schedule purchases.

### Professional look

The blanking panel creates a clean and professional look by covering empty space and visible cables. Adding blanking panels to your server racks offers a tidier appearance for a more organized server room.

### Tool-less installation

For fast and easy installation, this 2U panel features a tool-less design that latches onto a standard 19 in. server rack, saving you time and hassle.

## **Improve airflow**

The blanking panel features a solid design that helps guide airflow down the back of your rack, rather than passing between occupied spaces. Improved airflow helps ensure your rack-mounted equipment is running at an optimal temperature.

The RKPNTL2U is backed by a 2-year StarTech.com warranty and free lifetime technical support.

### Certifications, Reports and Compatibility

### Applications

- Fill in unused gaps between equipment in server racks and cabinets
- Help guide the airflow along the back of your rack, instead of passing through your equipment

### Features

- Create a tidy and professional look by covering unused rack space
- Hassle-free installation with tool-less design
- TAA compliant for GSA Schedule purchases
- 2U panel that mounts to any standard 19 in. 2 or 4-post rack
