Product ID: M2E1BMU31C

This compact M.2 NVMe SSD Enclosure for PCIe SSDs is a highly portable, high-performance data storage solution for your USB-C or Thunderbolt 3 enabled devices.

## Unparalleled Performance

Leverage the high speeds of your M.2 NVMe drive, with this external SSD enclosure. It delivers USB 3.1 Gen 2 read/write speeds up to 10Gbps, which is nearly twice the capability of traditional M.2 SATA enclosures and USB 3.1 Gen 1. NVMe allows users to take full advantage of the throughput available to USB 3.1 Gen 2, which would not be possible with a SATA drive.

This enclosure also features ventilation holes to help dissipate heat, ensuring an optimal operating temperature and helping to preserve performance.
