ClickSafe™ Keyed Laptop Lock

idea: One click for a secure workplace.

Product Number	**K64637WW**
Sugg. Street Price	**$49.99**

The Kensington ClickSafe™ Keyed Laptop Lock is designed for effortless protection of computers and your business´s most important data. Locks attach to hardware in a single step. Just one click and it´s secure. There´s no need for employees to insert a key or follow multiple steps. ClickSafe combines a cable made from superior materials with a tamper-proof disc-style lock to deliver the strongest security available in a cable lock.

Features and Benefits

- Security in one step-simplified design protects computers with a click
- Watch employee compliance rates rise! ClickSafe makes security effortless
- Tamper-proof disk-style lock combined with superior materials provide near-impenetrable protection
- Super-strong steel cable provides the strongest physical security on the market
- Attaches to laptop via the Kensington Security Slot found in 99% of computers
- Master keying available
