

ATOM FLASH DRIVE

HIGH CAPACITY, ULTRA COMPACT.

The Ivation Atom flash drive is the smallest form factor of all Ivation flash drives and ideal for professionals on the go. Available with up to 32GB of capacity, this ultra compact drive provides ample storage that users can easily clip to their phone or key chain and access anywhere it's needed. Password protection and drive partitioning capabilities safely and efficiently manage information.

FEATURES + BENEFITS

Fast Transfer

This small, mighty drive has one of the fastest transfer and read/write speeds in Ivation's flash drive portfolio.

Ultra Compact Design

Durable, compact design makes it easy to attach to your keys, cell phone or other mobile devices.

Password Security

Password protection and partitioning software make this drive a safe and efficient way to transfer data, music, photos or video.
