

Imation Pivot Flash Drive

Extreme Protection

The **Imation Pivot USB Flash Drive** features enhanced durability and security to create the ideal solution for today's business professional on the move.

This prize-winning USB drive is designed to protect data wherever you take it, thanks to its tough exterior and secure interior. The innovative 'jack-knife' design and tough rubberized shell protect important files and applications from damage while on the go.

Additional security is derived from the easy-to-use 256-bit Advanced Encryption Software (AES), which makes the drive the perfect protector for sensitive data.
