

If space is tight there's no need to worry as this sophisticated compact chest freezer is just 75.4 cm width by 56.4 cm deep.

However, it still provides you with a generous 140 L of storage room and can easily be installed in any room, making it the perfect model for offices, cottages, apartments and condominiums etc. Operating and maintaining the unit is simplified by the manual-defrosting system, the front-mounted defrost drain, and the easy-to-clean interior liner. The energy-efficient freezer cabinet and rounded lid are both foam insulated to help keep your electricity bills as low as possible. Finding your favourite frozen food items is simplified with the strong white wire basket provided. The highly-efficient mechanical thermostat is also front mounted for ease of use and its variable temperature range lies between a cool -12°C and -24°C (10.4°F and -11.2°F).
