

If you're on the lookout for a modern, compact chest freezer your search can end here.

This model offers 93 litres of storage space and comes with an energy-efficient lid and cabinet with foam insulation to reduce electricity bills. The mechanical thermostat is mounted on the front of the unit for easy accessibility and the drain is also front-mounted, making the defrosting process quick and easy. The unit features a storage basket at the top for smaller and more frequently used items. The freezer is designed to fit flush against the wall with its smooth-back construction.

Great size
★★★★★

I love my little freezer. It is small enough to fit in the small space I had for it, but large enough to be useful. I can put quite a bit of frozen stuff in there.
