USB C to 3.5mm Audio Adapter - USB Type C to AUX Female Wired Headphone Jack w/32-bit DAC
- Active USB C Digital Sound Card for Headset Audio Conference - Samsung S10 iPad Pro

Product ID: USBCAUDIO

This USB-C to 3.5mm Audio Adapter lets you convert the USB-C port of your device into an audio jack.

The active USB C to aux female adapter features a small and lightweight design, perfect for professionals on-the-go. Constructed of high-quality materials, the adapter provides a reliable and affordable audio solution for your USB-C devices that do not have a 3.5mm input.

This USB C to headphone jack is universally compatible enabling you to use your existing wired headset with your USB Type-C portable phone, tablet or laptop, including the MacBook Pro, iPad Pro, Google Pixel, Huawei and Samsung series. It also supports a 24-bit resolution at 192Kbps sampling rate for a high sound quality.

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to our customers. Our local StarTech.com Technical Advisors have a broad product expertise and work directly with StarTech.com Engineers to provide support for our customers both pre and post-sales.

USBCAUDIO is backed by a StarTech.com 2-year warranty and free lifetime technical support.
