

# Linx 8<sup>20</sup> 3G

Your perfectly portable, productive companion.

Take the Linx 820 3G wherever you go and enjoy working and gaming on Windows 10 everywhere. The small, slim and light design is packed with performance from the latest Intel Atom x5 processor and keeps you connected to everything important with both dual-band Wi-Fi and 3G networks, so you can be up-to-date with all the best of social media whilst staying productive on a PC that fits in the palm of your hand.

### Powerful and portable.

Whatever you need to do, the Linx 820 3G delivers powerful performance that lets you get things done anywhere. Whether you are working on your business documents, keeping track of emails, or just surfing the web and streaming videos, the Linx 820 3G makes your PC so portable you can hold it in one hand.

### Stay connected to what matters to you.

With both dual-band Wi-Fi and 3G connectivity, you can always stay connected to what matters most to you. Whether working, gaming, staying in touch using social media - or a bit of everything - the Linx 820 3G will keep you updated and connected wherever you are.

### Blockbuster Gaming.

The Linx 820 3G combines with the power of In-Home streaming to take blockbuster games and place them in your hands. From casual gaming to intense multi-player scenarios, just connect your controller, setup your network and login details, then enjoy the very best gaming experiences whether streamed directly from your Xbox One console, gaming PC setup with a Steam account, or downloaded directly and installed from the Windows Store or other digital game stores.
