**MAIN FEATURES**

Touch screen shredder, all controls are activated by simply touching the panel. Double motor drive technology: equipped with two 24-hour continuous duty motors without overheating and duty cycles, two separate sets of cutting knives (one for paper and one for CDs/DVDs). Carbon hardened cutting knives unaffected by staples and clips. Energy Smart System and automatic disconnection from the mains for maximum power saving, EPC System displays real-time shredding load and helps the operator to optimize shredding efficiency. Kobra 310 TS line shredders can shred transparent material too: keep your finger for 5 seconds on the Forward control and the machine works continuously for 30 seconds.

**OPTIONAL AVAILABLE: AUTOMATIC FEEDER**

It can shred automatically 170 sheets, whilst the operator can shred paper in the main throat and CDs/DVDs/Credit through the dedicated cutting unit, at the same time (lockable cover with high security non-duplicable key available as an option).

**OPTIONAL AVAILABLE: AUTOMATIC OILER**

The Automatic Oiler eliminates the need to manually lubricate the unit. Not only does this protect the blades with anti-corrosive agents, but ensures maximum reliability, efficiency and capacity. Cross-cut shredders benefit most from this practical option.

**OPTIONAL AVAILABLE: METAL DETECTION SYSTEM**

The Shred Guard System stops the machine when large metal objects are accidentally inserted. An illuminated optical indicator warns the operator to remove these objects in order to protect the knives.
