

KOBRA HDD

Hard Disk Drive Shredder

Throat width:
127 x 30 mm

Cross-cut shred:
40 mm x random

Security level ISO/IEC 21964 (DIN 66399):
T-1 E-2 H-3

Shreddable materials:
Hard Disk Drives, CDs/DVDs, Blu-ray Optical Media, Credit and Identity Cards, USB sticks, Solid State (Phones and PDAs).

Rated Capacity (3.5" Drive):
280 HDD/hour

Cutting Speed:
30 mm/s

Waste bin capacity:
40 liters

Noise level (idle operation):
50 dB(A)

Voltage:
230 Volt / 50-60 Hz

Power:
1500 Watt

Dimensions (WxDxH):
120 x 84 x 123 cm

Net weight:
550 Kg

KOBRA HDD IS A HARD DISK DRIVE SHREDDER capable of destroying Digital Media Devices including Hard Drives up to 3.5", LTO, Ultrium magnetic tapes, CDs, DVDs, Blu-ray Optical Media, Credit and Identity Cards, USB Sticks and Solid State Devices (Phones and PDAs).

The new KOBRA HDD produces very low noise levels and continuous duty operation, destroying digital media devices with a shred dimension of 40 mm x random and making retrieval impossible. KOBRA HDD can shred up to 280 3.5" hard drives per hour and plugs into a standard office outlet. KOBRA HDD offers the latest Touch Screen Technology, the most technologically advanced on the market today. Functions are activated by simply touching the panel. Also, illuminated optical indicators clearly show the current status of the machine.

- **24 HOUR CONTINUOUS DUTY** enables powerful and long operation at a minimum noise level
- **LED-FCS TOUCH SCREEN PANEL:** functions are activated by simply touching the panel. The special LED Feeding Control System allows the operator to monitor and control the load on cutting knives during bulk and continuous shredding.
- **EXCLUSIVE SHREDDING TECHNOLOGY** through high strength carbon grade steel cutting knives for extended durability
- **HIGH EFFICIENCY MOTOR:** saves a considerable electrical energy cost
- **AUTOMATIC STOP** with light indicator for bag full
- **SAFETY STOP** in case of open door / bin removal
- **AUTOMATIC REVERSE** in case of jamming
- **EASY TO MOVE** thanks to heavy duty casters
- **EMERGENCY STOP SWITCH:** stops all machine functions immediately

The KOBRA HDD produces very low noise levels on a 24 hour continuous duty operation, destroying digital media devices with a shred dimension of 40 mm x random.

Convenient touch-screen panel with LED Feeding Control System

Easy removal and emptying of waste container

Kobra HDD can be supplied, on request, with the NSA National Security Agency approved Hard Disk degausser, model name MAGPRO 100
