Display & Furniture Solutions
2020/21

About Us

Spaceright Europe Ltd is the UK's leading manufacturer of display and presentation products, dining solutions, early years furniture and storage.

We are the manufacturer and supplier of numerous trusted brands, and our products can be found in schools, nurseries and offices across the UK. Innovation, quality, service and design are at the forefront of everything we do and drive the continuing success of our business.

SPACER**i**GHT
europe ltd

Innovation

As the leading manufacturer in our field, we are dedicated to investing in new product development and technological efficiencies, to enable us to successfully deliver cutting edge solutions for our customers.

Quality

We are committed to using the best quality materials and most skilled craftsmen to ensure we supply products which are manufactured to a high standard, making them durable, safe and reliable, whilst also representing excellent value.

Service

Customer service is pivotal to our success and we strive to provide the very best expert advice, helpful product information and after sales support, as well as competitive pricing, quick lead times and a reliable delivery service.

Design

Our history goes back over 100 years, meaning that our product knowledge and market insight is unparalleled, so when it comes to designing products and space planning, we are experts in our field.

Ordering

Orders can be placed online, by email or fax. All orders are subject to our standard terms and conditions, a copy of which is available online or upon request. Prices are shown exclusive of VAT which will be applied at the current rate.
Payment terms are 30 days net from invoice or proforma.

Delivery

Product lead times are indicated throughout the catalogue. As a general rule most products are available within 5-10 working days, with the exception of our dining furniture and personalised items, which are delivered within 4 weeks. Delivery is free on orders over £99.00 (exl. VAT). For orders under £99.00 (exl. VAT) a £5.80 (exl. VAT) delivery charge will apply upto 20kg (additional charge for more than 20kgs). For Highlands and Islands, Channel Islands, Isle of Man and Northern Ireland, a surcharge will apply. All mobile dining furniture is delivered by our own transport (ground floor only).

Guarantees

All of our products come with a guarantee, which represents our commitment to both quality and service. Our mobile dining tables have a 16 year guarantee (on table mechanism and welds), whilst some of our writing boards benefit from a surface guarantee of up to 25 years.

Assembly

Our range includes fully assembled and self assemble products which are identified throughout the catalogue. Where a product is self-assemble, all the instructions, screws and other fixings, are in the box. In most cases we even supply the tools to do the job.

Accreditations

Spaceright Europe Ltd, a member of British Educational Supplies Association (BESA), has approved quality management, health/safety management, and environmental management systems in place, giving us the following accreditations:
ISO 9001:2008 ISO 14001:2008

3D Survey & Space Planning

We offer a completely free and comprehensive site survey and space planning service for our dining furniture range. So whether you have a detailed vision of what you want or need inspiration, we can provide a solution which is right for you. Please see page 31.

Dining Furniture

Our flexible dining solutions enable schools to convert halls into multi-use areas effortlessly, without the need for heavy lifting.

In designing our range, we used our expert knowledge of schools and similar environments, to deliver a comprehensive range of dining solutions, which represent the very best in quality, versatility and value.

Our dining products benefit from the following:

- High quality manufacturing
- Choice of heights and designs
- Product guarantee
- Free site survey
- Free 3D space planning

Dining Furniture

Spaceright Europe Ltd are experts in the manufacture and supply of mobile folding tables with many years experience in delivering high value contracts and servicing the education sector.

We offer a completely free and comprehensive site survey and space planning service for our dining furniture range. So whether you have a detailed vision of what you want or need inspiration, we can provide a solution which is right for you.

Required Maintenance

To keep your tables operating to the optimum level, they must be checked on an ongoing basis as follows:

• Regularly inspect table operation for smoothness and general stability.

• Clean table tops according to current food service hygiene practices after each use. Exterior components of tables should be inspected for food deposits and cleaned as required. The underside of the tables should be inspected for chewing gum and other food deposits.

• Periodically you should lubricate tables with a food grade silicon spray, which is required to pivot joints. We recommend lubrication every six months or more often if indicated by stiff operation or noise.

CAUTION:- Excessive use of water during cleaning may cause corrosion

Folding Table Operating Instructions

Moving The Folding Table

1. With travel lock engaged push from the seats as shown.
2. Do **NOT** push the surface of the table.
3. Avoid litter & obstacles on the floor.

Opening The Folding Table

1. With your left hand pushing down the travel lock, push apart the stool unit with your right hand on the middle stool.
2. Continue opening by pressing down with both hands on the middle stools.
3. Continue opening by pressing down with both hands on the centre stools.

Closing The Folding Table

1. Release locking bar by pressing down on the table surface, with right hand lift clear the lock.
2. Continue to lift using centre stools.
3. Using the middle stools push together to engage travel lock.

3D Space Planning

Site Survey (Free of charge service)

To help with the buying process, we would be delighted to arrange a free site survey. Your dedicated Account Manager will visit you to discuss your requirements and take the necessary measurements.

This information will then be discussed between your Account Manager and our Product Design Engineers to produce layout plans.

3D Space Planning (Free of charge service)

One of the most important services we provide to our customers is delivering detailed, aesthetic designs of cafeteria/dining room layouts.

To produce these, we employ qualified Product Design Engineers who are experts in creating bespoke dining solutions and space plans.

These designs are produced using modern 3D CAD (computer aided design) programmes to give a detailed idea of how the environment will look and feel. Using sophisticated modern 3D CAD engineering software, structural and finite element analysis is performed on all new designs to ensure that the most efficient and high performing solution is provided. These efforts result in high quality products at great value prices that our customers trust and that we are proud of.
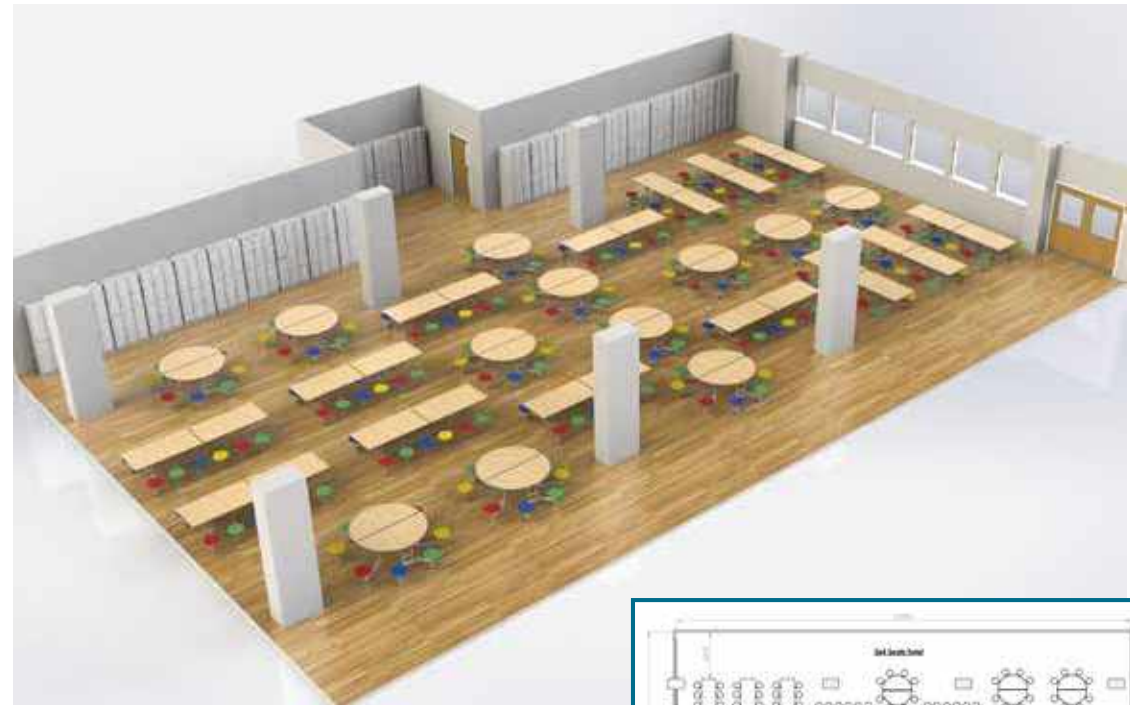

3D space plan for 14 x 12 seat rectangular and 12 x 8 seat round tables
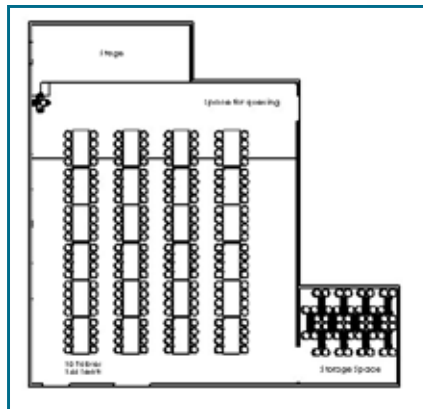

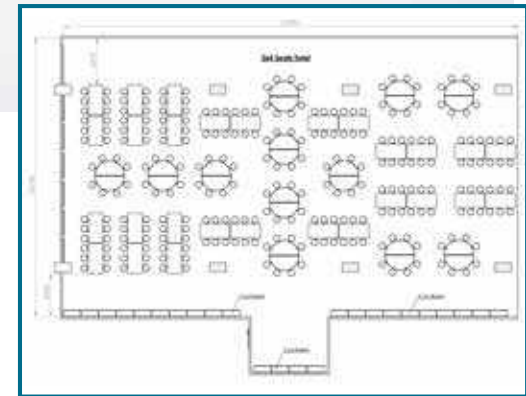

3D space plan for 12 x 12 seat rectangular tables
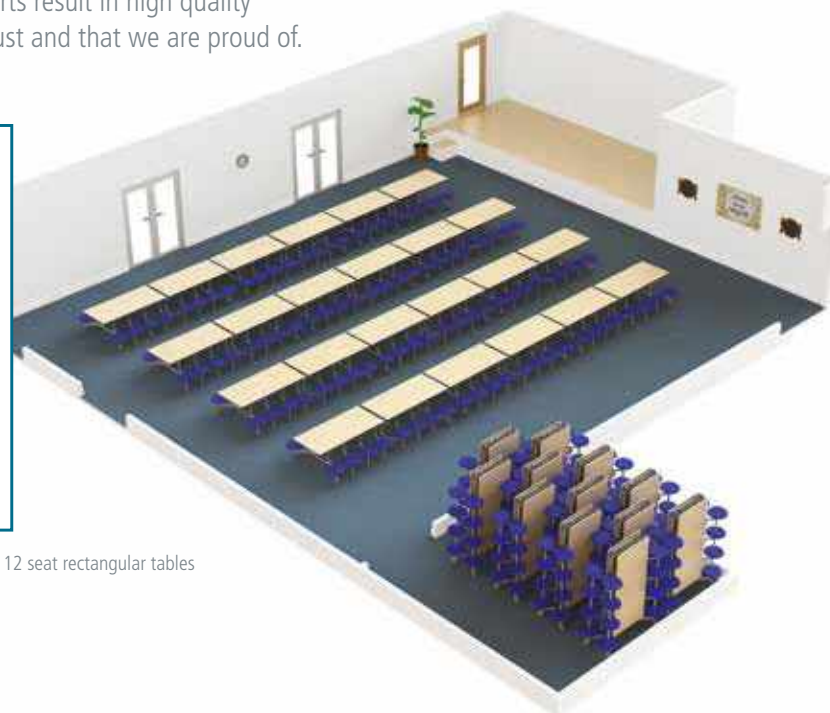

Writing Boards

Writing boards are an effective way to present information, whether it be for education, training, or corporate use.

From traditional writing boards such as our renowned Wilson and Garden rollerboards, to efficient space saving solutions, we have a wide selection of writing boards to accommodate different requirements.

All of our writing boards feature a high quality, durable surface and benefit from a surface guarantee.

- High quality writing surface
- Designed to be practical and efficient
- Large selection of frame types and sizes
- Magnetic, non-magnetic and chalk surface options

Writing Board Contents

Only when used with Spaceright approved pens and cleaner

For over 100 years rollerboards have played a pivotal role in education, and become a familiar feature in most classrooms and lecture theatres.

The sturdy and robust construction has become synonymous with reliability, whilst the revolving design offers versatility and the ability to present different information on each section. For this reason, rollerboards continue to be a core requirement for modern day teaching environments.

Types of rollerboards:

• **Mobile**
  Ideal for small classrooms/teaching environments. The sturdy construction and mobile castors make it easy to move the rollerboard from room to room or within a room, as required.

• **Wall Mounted**
  The perfect solution for smaller spaces or where floor space is limited. The information on display is at a higher height than the mobile version and therefore more easily visible.

• **Floor Standing (fixed to wall)**
  Suitable for larger classrooms/teaching environments, the floor standing (wall fixed) rollerboard has large writing surfaces and is easily visible within a classroom, lecture theatre or similar. Each board has either 3 or 4 writing surface sections, depending on the size of the board.

For all of the above, plain white writing sections will be supplied as standard, however you can choose from the following types:
50mm square, 75mm lines, music staves or feint grid (additional charge will apply).

Writing sections can easily be replaced as required. Please see page 28 for further information.

Wilson > **Garden**

Reliable
Rollerboards offer the ultimate reliable writing surface for education environments.
Easy to clean and re-useable, each surface is made from high quality material for excellent performance.
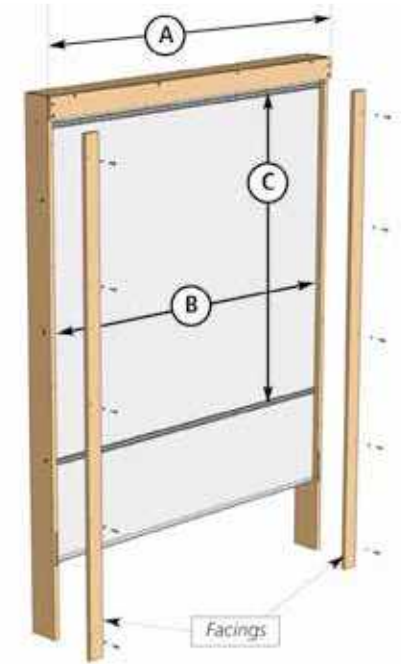

Wilson ▶ **Garden**

Replacement Sections
- Spaceright sections are suitable for any make of rollerboard and can be replaced as required
- Choose from: plain dry wipe, feint grid dry wipe, 50mm square dry wipe, 75mm lines dry wipe or music staves dry wipe
- Writing sections are easy to fit and fitting instructions are provided, however a fitting service is available if required (price on request)
- All sections carry a 1 year surface guarantee*

Request an Inspection
If you have a requirement for new rollerboard surfaces or need help assessing the condition of your current board surfaces, we can help.
Our qualified service team will visit and inspect your boards, leaving you a recommendation report on any maintenance/ replacements required.

To book an inspection please call:

0845 6017619

Measuring Guide
To enable us to supply replacement writing sections made exactly to your requirements, we require the following key information:
1. Overall board width, including frame - A
2. Overall section width - B
3. Section height between connecting strip centres - C
4. Writing surface required for each section
5. If fitting is required, please also supply the location of the roller board e.g. Science lab

* Only when used with Spaceright approved pens and cleaner

Design Your Own Glass Writing Board

Add a personal touch to any of the glass boards in our range by adding your logo, or if you are feeling creative, create your own unique glassboard design to incorporate your identity.

Sometimes business requirements mean that you need a product tailored to fulfil a particular task or convey a specific message. Our customised option allow you the flexibility to do just that, all you have to do is place your order telling us the size and style. We will then contact you to discuss your requirements and agree a design brief.

A proof will be sent for approval for all customised glassboards before print. From approval, the product lead time will be approximately 4 weeks. If at any point you'd like to discuss these products options in more detail, don't hesitate to contact us on **0845 6017619**.

Please note all customised glassboards are non-returnable.

Flip Chart Easels

Easels are the quick, easy and efficient solution for presenting information to a group.

Whether it's for brainstorming, training, teaching or meetings, our range of easels is varied to suit different requirements. Mobile easels are perfect for moving from room to room and positioning close to the audience, whilst tripod and loop leg easels are ideal for storing away after use.

Within our range we offer both magnetic and non-magnetic surfaces and for additional display space, some of our easels have side bars to display multiple sheets at the same time.

Our easels also benefit from the following features:

- Strong, sturdy construction
- High quality dry wipe surface
- Height adjustable for flexibility
- Integrated flip chart clamp
- Pen ledge

Flip Chart Easels Contents

WeatherShield
Showcases & Signage

Present your information in a professional manner with the WeatherShield showcase and signage range.

Each showcase features gas strut assisted doors which will remain in position when opened for ease of use and hassle free changing of information. The double locking system and virtually shatterproof glazing ensures that information within the showcase is safe and secure.

All WeatherShield showcases and signs are made from strong, durable aluminium, and are suitable for a variety of businesses and institutions including: schools, universities, leisure centres, child care centres and more.

Within the range we have a selection of WeatherShield signs which can be personalised to allow you to convey your identity to staff, pupils and visitors.

WeatherShield Contents
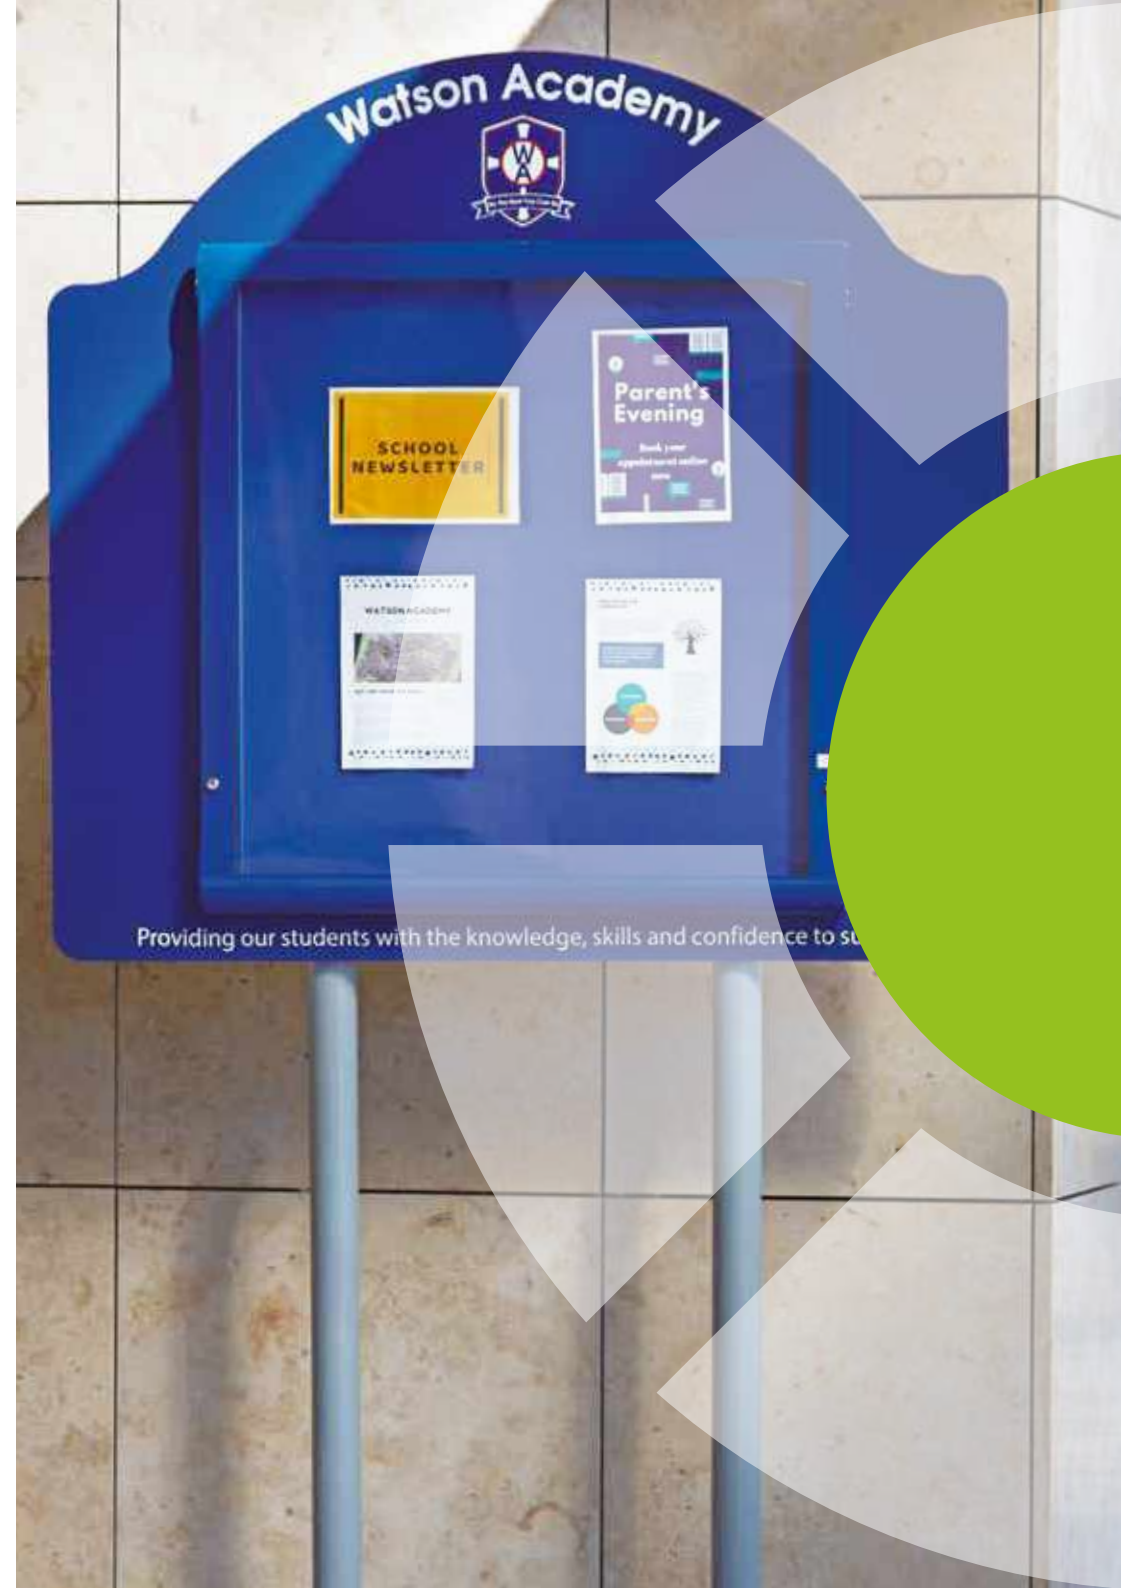

WeatherShield Showcases & Signage

Personalisation

WeatherShield Contour signs are personalised free of charge with your business/institution name, logo or crest and footer text (usually a mission statement). Simply select the size and colour required, then place your order. We will then contact you to confirm the details and request any artwork you may have. A proof will be supplied prior to print and the lead time is 4 weeks from artwork approval. All artwork is applied to the sign in waterproof vinyl. If at any point you have any queries, don't hesitate to contact us on 0845 6017619.

Please note all personalised WeatherShield signs are non-returnable.

Promote

The WeatherShield Contour range effectively combines signage and display, allowing you to present information and notices outdoors, whilst promoting your school, university, college or business identity.

Post Fitment

Personalisation

WeatherShield Contour signs are personalised free of charge with your business/institution name, logo or crest and footer text (usually a mission statement). Simply select the size and colour required, then place your order. We will then contact you to confirm the details and request any artwork you may have. A proof will be supplied prior to print and the lead time is 4 weeks from artwork approval. All artwork is applied to the sign in waterproof vinyl. If at any point you have any queries, don't hesitate to contact us on 0845 6017619.

Please note all personalised WeatherShield signs are non-returnable.

Protect

WeatherShield Headline signage is perfect for displaying notices outdoors in a safe and secure environment. Information is protected from the elements in a waterproof showcase with a double locking system.

Langland Community School

WeatherShield Showcases & Signage

WeatherShield Wall Mounted Landscape Welcome Sign
- Combined personalised signage and display showcase
- Ideal for schools, nurseries and childcare centres
- Sign backboard is heavy duty plastic which is weather and UV light resistant

WeatherShield Fitting Instructions

- All WeatherShield showcases and signage products are supplied with full fitting instructions.
- Wall mounted WeatherShield products are supplied with wall fixings.
- Surface mounted WeatherShield products are supplied with two brackets that need to be fixed to a preformed concrete base, 600mm deep.
- Sunken post WeatherShield products should be installed in a 600mm deep hole and filled with postcrete.

Installation for WeatherShield showcase and signage products is available separately by quotation.
For further information, please contact us on 0845 6017619.

Fire Retardant
Noticeboards

FlameShield is the market leading brand in fire retardant noticeboards.

The FlameShield noticeboard core and bonded textile are fire retardant as a composite, meeting Class 0 when assessed to BS 476 Parts 6 and 7 and comply with Class B-s1, d0 when tested to BS-EN13501-1: 2002.

Within the range we offer three types of noticeboard: unframed, aluminium framed and tamperproof.

The clear plastic doors used in tamperproof FlameShield noticeboards are tested separately, and conform to Class 1Y when assessed to BS 476 Part 7.

There are a variety of colour options to choose from including: primary colours and vibrant tones.

For further information on suitable use of these boards, please see pg. 80.

Fire Retardant Noticeboards

The consequence of fire spread within circulation and escape routes presents a high risk to the building occupants. Materials and items on the walls of these areas should not propagate or accelerate a fire, therefore allowing the occupants the opportunity to exit safely. It is recommended that noticeboards used in these areas should be fire retardant.

FlameShield noticeboards are manufactured in the UK by Spaceright Europe Ltd.

The **FlameShield** noticeboard core and bonded textile are fire retardant as a composite, meeting **Class 0 when assessed to BS 476 Parts 6 and 7** and comply with **Class B-s1, d0 when tested to BS-EN13501-1: 2002**. The clear plastic doors used in tamperproof **FlameShield** noticeboards are tested separately, and conform to **Class 1Y when assessed to BS 476 part 7**.

FlameShield noticeboards are engineered to last and designed to meet the required standards, as a result you will find they are heavier, robust and more dense than a standard noticeboard.

Building owners may need to regularly review the fire risks in their premises to comply with their national regulations. Part of that review should consider the type and extent of noticeboard installed, the management of its use, the location of the noticeboard with respect to escape routes, and the other fire safety precautions within the building. Documents related to fire safety risk assessments can be found at:
https://www.gov.uk/government/collections/fire-safety-law-and-guidance-documents-for-business
for example.

Noticeboards

Displaying internal notices and information to staff, pupils and visitors requires an effective approach.

Our range of noticeboards offers versatility and style, with a variety of sizes, colour options and designs to choose from. In addition to our large selection of textile noticeboards with varying frame options, such as aluminium or solid wood, we also offer printed noticeboards in the form of our Pin Panelz range.

Pin Panelz is a unique concept in noticeboards and can be personalised to feature your school, college, club or business name.

All of our noticeboards are manufactured to a high standard and are supplied with wall fixings where applicable. Mobile boards feature locking castors and a stability bar.

Pin Panelz is a unique concept in noticeboards. Vibrant, colourful and stylish, Pin Panelz provide a modern and fresh approach to displaying information which will enhance your environment.

Unlike standard noticeboards, Pin Panelz are printed which means the choice of colours is almost limitless. We have selected 14 of the most popular colours for the Pin Panelz Pantone range, however other colours are available, so if you need a specific colour to match your corporate identity or school crest, please get in touch.

Personalisation

Pin Panelz can be personalised with your business/institution name, logo or crest, in a colour of your choice. Simply select the personalised Pin Panelz option, size and colour required, then place your order. We will then contact you to confirm the details and request any artwork you may have. A proof will be supplied prior to print and the lead time is 4 weeks from artwork approval. If at any point you have any queries, don't hesitate to contact us on 0845 6017619.
Please note all personalised Pin Panelz are non-returnable.

Colourful

Bold, colourful and stylish, Pin Panelz provide a more modern way to enhance your display or work space. More versatile than a standard noticeboard, Pin Panelz don't just accept pins, they also accept Blu-Tack.

Display & Presentation

Within schools, universities and businesses, there is often a requirement, not only to display notices and information, but to introduce key personnel, present literature and showcase awards.

We have a comprehensive range of products for doing all of that and more. From leaflet holders and trophy showcases, to poster display frames and leaflet dispensers, we have a solution whatever your requirements may be.

Crystal Wall display boards provide a fresh and modern approach to presenting key staff, pupils or team information to visitors, whilst our Colourama leaflet and brochure dispensers are designed to be durable and practical, with a range of soft pastel colours to choose from.

Classroom
Furniture & Storage

A collection of products designed to enhance classroom and nursery environments.

Storage is an essential requirement in any classroom or nursery. Our Millhouse storage range is designed and manufactured in the UK with flexibility, durability and safety in mind.

In addition, we also have a vast selection of easels which inspire children to be creative and are effective in encouraging children to participate in group work. Children can write or draw their ideas on the board and then present their work to the rest of the class. Many of our easels are height adjustable to accommodate children of different ages.
