SIGNATURE TIG GAUNTLET

PRED6

Key information:

- Great – Quality Supple Goat-Hide Gauntlet
- Leather Thumb Crotch to Protect Stitching
- Ergonomic Straight-Thumb Design for Great Dexterity
- Twaron® Heat-Resistant Thread for Increased Lifespan
- 100% Cotton Liner on the Palm and Fingers
- Durable Split-Leather Cuff

EN388:2016
+ A1:2018

2121X

EN 407:2020

412X4X

UK
CA
CE

Code:	PRED6
Liner:	100% Cotton
Size:	10
Pack size:	10 pairs
Carton:	100 pairs

EN388:2016 + A1:2018	2121X
EN407: 2020 :	412X4X

Applications include:

Agriculture, Construction, Engineering, Forging, Metalwork, TIG Welding

Limitations of Use

Maintenance	Examine gloves for damages, splits and holes before each use. Always replace damaged gloves. Only properly fitting gloves guarantee protection and grip.
Storage	Store at normal room temperature in a dry, well ventilated area. Avoid direct heat radiation.
Disposal	Used gloves can be contaminated. Dispose with household waste or as instructed by your local authority.
Cleaning	Do not wash. The performance of the product after laundering is unknown. Beat or brush out after each use, depending on level of dirt.
Durability	The period of use depends on the degree or intensity of use in the retrospective application. It is therefore not possible to provide a 'life span' of the gloves.
Note	Due to the nature of this product the user is advised to carry out their own risk assessment before use, depending on application.

Hands Protected; Work Perfected

PRODUCT INFORMATION SHEET

These items were imported by: -
Just 1 Source & Supply Limited, Barton Hill, Whitwell, York. YO60 7JX
Telephone: 01653 617718 - www.just1source.com

These items comply with the requirements of the EU Regulation 2016/425 & Regulation 2016/425 on personal protective equipment, as amended to apply in GB, in line with the harmonised and designated standard(s) referenced below.

NOTE: - Declarations of Conformity can be found at www.just1source.com

Type "A" gloves are recommended for processes other than TIG Welding when high dexterity Type "B" gloves are recommended.

NOTE: - There is no standardised test method at present for detecting U.V. penetration of materials for gloves but the current methods of construction of protective gloves for welders do not normally allow penetration of U.V.

Limitations of use:

EN 388:2016 + A1:2018, EN ISO 21420:2020, EN 12477:2001 + A1:2005 - The overall classification of gloves with two or more layers does not necessarily reflect the performance of the outermost layer. Gloves should not be worn when there is a risk of entanglement by moving parts or machinery. The EN388 test results shown below are taken from the palm area of the glove.

EN 388:2016 + A1:2018

2121X

EN ISO 21420:2020

EN 407:2020

412X4X

European Standards - TYPE B – EN 12477:2001 + A1:2005

These gloves do not provide protection against electric shock caused by defective equipment or live working, and the electrical resistance is reduced if gloves are wet, dirty or soaked with sweat, this could increase the risk.

Test	Performance Level	Test	Performance Level
EN 388:2016 + A1:2018		EN 407:2020	
Abrasion	2 (Scale 1-4)	Burning Behaviour	4 (Scale 0-4)
Blade Cut	1 (Scale 1-5)	Contact Heat	1 (Scale 0-4)
Tear	2 (Scale 1-4)	Convective Heat	2 (Scale 0-4)
Puncture	1 (Scale 1-4)	Radiant Heat	X (Scale 0-4)
ISO 13997 Cut (TDM)	X (Scale A-F)	Small Molten Splash	4 (Scale 0-4)
Impact Protection	(P if passed)	Large Molten Splash	X (Scale 0-4)

Performance levels are measured where the highest number indicates the best protection. "X" indicates that the product has not been tested against this risk

Product Code: - **PRED 6** Size: - **10**
Product Description: - Predator Signature Tig Gauntlet

Gauntlets providing protection against mechanical risks and thermal risks. Suitable for use in manual metal welding, cutting and allied processes.

Maintenance: examine gloves for damages, splits and holes before each use. Always replace damaged gloves

Disposal – Dispose of used gloves as instructed by your local authority

STORAGE: Store in dry ambient conditions

AFTERCARE: No Cleaning Treatment
