StandOut™

Soft curves and an ergonomic design are not the only things that set this stapler apart from all others. What makes it really stand out is its staple driving power. The first standing stapler to contain spring-powered technology, the StandOut from PaperPro fits easily in the palm of your hand. Its staple-gun-style driving mechanism makes light work of most stapling jobs... and it looks great doing it!

desktop staplers

#1105

The Original Spring-Powered Stapler

It's the stapler that started the revolution, the first desktop stapler with a staple-gun-style spring-powered internal mechanism. With the power to staple up to 20 sheets with the pressure of just one finger, this is the stapler that made all other traditional staplers obsolete.

Quantum™

While competitive staplers are becoming larger and more unwieldy, the Quantum - with its advanced technology - is powerful and compact. A contemporary style and a mid-size footprint make this a true 21st century stapler. And like all PaperPro desktop staplers, it provides spring-powered performance for both stapling and tacking.
