

# Safety Data Sheet

# **Domestos Professional Urinal Blocks**

Revision: 2016-12-11

Version: 08.0

# SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### **1.1 Product identifier**

**Trade name:** Domestos Professional Urinal Blocks Domestos is a registered trade mark and is used under licence of Unilever

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses: For professional use only. AISE-P305 - Sanitary cleaner. Manual process Uses advised against: Uses other than those identified are not recommended

#### 1.3 Details of the supplier of the safety data sheet

#### Contact details

Unilever UK Ltd., Freepost ADM1000, London SW1A 2XX Tel: 0800 776647

#### Diversey Ltd

Weston Favell Centre, Northampton NN3 8PD, United Kingdom Tel: 01604 405311, Fax: 01604 406809 Regulatory Email: MSDSinfoUK@sealedair.com

#### 1.4 Emergency telephone number

For medical or environmental emergency only: call 0800 052 0185

# **SECTION 2: Hazards identification**

2.1 Classification of the substance or mixture

Skin Irrit. 2 (H315) Eye Dam. 1 (H318) Aquatic Chronic 3 (H412)

Classification in accordance with Directive 1999/45/EC and corresponding national legislation Indication of danger Xi - Irritant

**Risk phrases:** R38 - Irritating to skin. R41 - Risk of serious damage to eyes.

2.2 Label elements

Signal word: Danger.

Contains sodium alkylbenzenesulphonate (Sodium Dodecylbenzenesulfonate). EUH208: cineole (Eucalyptol), citral (Citral), pin-2(3)-ene ( Alpha-Pinenes ), d-limonene (Limonene)

#### Hazard statements:

H315 - Causes skin irritation.

H318 - Causes serious eye damage. EUH208 - May produce an allergic reaction. H412 - Harmful to aquatic life with long lasting effects.

#### **Precautionary statements:**

P280 - Wear eye or face protection. P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P310 - Immediately call a POISON CENTRE, doctor or physician.

#### 2.3 Other hazards

# SECTION 3: Composition/information on ingredients

#### 3.2 Mixtures

| Ingredient(s)                    | EC number | CAS number | REACH number      | Classification   | Classification<br>(1999/45/EC)         | Notes | Weight<br>percent |
|----------------------------------|-----------|------------|-------------------|--|--|-------|-------------------|

\* Polymer.

Workplace exposure limit(s), if available, are listed in subsection 8.1.

[1] Exempted: ionic mixture. See Regulation (EC) No 1907/2006, Annex V, paragraph 3 and 4. This salt is potentially present, based on calculation, and included for classification and labelling purposes only. Each starting material of the ionic mixture is registered, as required.

[2] Exempted: included in Annex IV of Regulation (EC) No 1907/2006.
[3] Exempted: Annex V of Regulation (EC) No 1907/2006.
[4] Exempted: polymer. See Article 2(9) of Regulation (EC) No 1907/2006.

For the full text of the R, H and EUH phrases mentioned in this Section, see Section 16.

# SECTION 4: First aid measures

| 4.1 Description of first aid measures |   |
|---------------------------------------|---|
| Inhalation                            | Get medical attention or advice if you feel unwell.   |
| Skin contact:                         | Wash skin with plenty of lukewarm, gently flowing water. Take off immediately all contaminated<br>clothing and wash it before re-use. If skin irritation occurs: Get medical advice or attention.                         |
| Eye contact:                          | Hold eyelids apart and flush eyes with plenty of lukewarm water for at least 15 minutes. Remove<br>contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTRE,<br>doctor or physician. |
| Ingestion:                            | Rinse mouth. Immediately drink 1 glass of water. Never give anything by mouth to an unconscious person. Get medical attention or advice if you feel unwell.   |
| Self-protection of first aider:       | Consider personal protective equipment as indicated in subsection 8.2.  |
| 4.2 Most important symptoms and eff   | ects, both acute and delayed  |
| Inhalation:                           | No known effects or symptoms in normal use.   |

Causes irritation. Skin contact: Eye contact: Causes severe or permanent damage. Ingestion: No known effects or symptoms in normal use.

4.3 Indication of any immediate medical attention and special treatment needed No information available on clinical testing and medical monitoring. Specific toxicological information on substances, if available, can be found in section 11.

# SECTION 5: Firefighting measures

#### 5.1 Extinguishing media

Carbon dioxide. Dry powder. Water spray jet. Fight larger fires with water spray jet or alcohol-resistant foam.

#### 5.2 Special hazards arising from the substance or mixture

No special hazards known.

#### 5.3 Advice for firefighters

As in any fire, wear self contained breathing apparatus and suitable protective clothing including gloves and eye/face protection.

# **SECTION 6: Accidental release measures**

#### 6.1 Personal precautions, protective equipment and emergency procedures

Wear eye/face protection.

#### 6.2 Environmental precautions

Do not allow to enter drainage system, surface or ground water. Do not allow to enter the ground/soil. Inform responsible authorities in case undiluted product reaches drainage system, surface or ground water or the ground/soil.

#### 6.3 Methods and material for containment and cleaning up

Collect mechanically.

## 6.4 Reference to other sections

For personal protective equipment see subsection 8.2. For disposal considerations see section 13.

## SECTION 7: Handling and storage

#### 7.1 Precautions for safe handling

Measures to prevent fire and explosions:

No special precautions required.

#### Measures required to protect the environment:

For environmental exposure controls see subsection 8.2.

#### Advices on general occupational hygiene:

Handle in accordance with good industrial hygiene and safety practice. Keep away from food, drink and animal feeding stuffs. Do not mix with other products unless adviced by Sealed Air. Wash hands before breaks and at the end of workday. Wash face, hands and any exposed skin thoroughly after handling. Take off immediately all contaminated clothing. Wash contaminated clothing before reuse. Use personal protective equipment as required. Avoid contact with eyes. Use only with adequate ventilation.

#### 7.2 Conditions for safe storage, including any incompatibilities

Store in accordance with local and national regulations. Keep only in original container. Store in a closed container.

#### 7.3 Specific end use(s)

No specific advice for end use available.

# SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters

| Ingredient(s)                 | Short term - Local<br>effects | Short term - Systemic<br>effects            | Long term - Local<br>effects | Long term - Systemic<br>effects            |
|-------------------------------|-------------------------------|---|------------------------------|--|

## 8.2 Exposure controls

The following information applies for the uses indicated in subsection 1.2 of the Safety Data Sheet. If available, please refer to the product information sheet for application and handling instructions. Normal use conditions are assumed for this section.

Recommended safety measures for handling the undiluted product:

| Appropriate engineering controls:    | No special requirements under normal use conditions.   |
|--------------------------------------|--|
| Appropriate organisational controls: | Avoid direct contact and/or splashes where possible Train personnel  |
| Personal protective equipment        |  |
| Eye / face protection:               | Safety glasses or goggles (EN 166).  |
| Hand protection:                     | Chemical-resistant protective gloves (EN 374). Verify instructions regarding permeability and  |
| ·                                    | breakthrough time, as provided by the gloves supplier. Consider specific local use conditions, such as risk of splashes, cuts, contact time and temperature. |
|                                      | Suggested gloves for prolonged contact: Material: butyl rubber Penetration time: >= 480 min<br>Material thickness: >= 0.7 mm                                 |
|                                      | Suggested gloves for protection against splashes: Material: nitrile rubber Penetration time: >= 30 min Material thickness: >= 0.4 mm                         |
|                                      | In consultation with the supplier of protective gloves a different type providing similar protection may<br>be chosen.                                       |
| Body protection:                     | No special requirements under normal use conditions.   |
| Respiratory protection:              | No special requirements under normal use conditions.   |
| Environmental exposure controls:     | No special requirements under normal use conditions.   |

# **SECTION 9: Physical and chemical properties**

## 9.1 Information on basic physical and chemical properties

Information in this section refers to the product, unless it is specifically stated that substance data is listed

Physical State: Solid Appearance: Tablets Colour: Green Odour: Perfumed Odour threshold: Not applicable pH: Dilution pH:  $\approx 8 (1\%)$ Melting point/freezing point (°C): Not determined Initial boiling point and boiling range (°C): Not determined

ISO 4316

Not relevant to classification of this product Not applicable to solids or gases

| Ingredient(s)                 | Value<br>(°C)     | Method           | Atmospheric pressure<br>(hPa) |

Not relevant to classification of this product Not applicable to solids or gases

Not relevant to classification of this product

# **SECTION 10: Stability and reactivity**

#### 10.1 Reactivity

No reactivity hazards known under normal storage and use conditions.

#### 10.2 Chemical stability

Stable under normal storage and use conditions.

#### 10.3 Possibility of hazardous reactions

No hazardous reactions known under normal storage and use conditions.

#### 10.4 Conditions to avoid

None known under normal storage and use conditions.

# 10.5 Incompatible materials

None known under normal use conditions.

#### 10.6 Hazardous decomposition products

None known under normal storage and use conditions.

# **SECTION 11: Toxicological information**

#### 11.1 Information on toxicological effects

Mixture data:.

Aspiration hazard Substances with an aspiration hazard (H304), if any, are listed in section 3. If relevant, see section 9 for dynamic viscosity and relative density of the product.

# Potential adverse health effects and symptoms

Effects and symptoms related to the product, if any, are listed in subsection 4.2.

# **SECTION 12: Ecological information**

# 12.1 Toxicity

No data is available on the mixture.

Substance data, where relevant and available, are listed below:

## 12.2 Persistence and degradability

| Ingredient(s)    | Half-life time in fresh<br>water | Method | Evaluation           | Remark |
|------------------|----------------------------------|--------|----------------------|--------|
| sodium carbonate | No data available                |        | Rapidly hydrolysible |        |

| Ingredient(s)                 | Inoculum                    | Analytical<br>method       | DT 50             | Method    | Evaluation                           |
|-------------------------------|-----------------------------|----------------------------|-------------------|-----------|--------------------------------------|
| sodium alkylbenzenesulphonate | Activated sludge,<br>aerobe | CO <sub>2</sub> production |                   | OECD 301B | Readily biodegradable                |
| sodium carbonate              |                             |                            |                   |           | Not applicable (inorganic substance) |
| d-limonene                    |                             |                            | 80 % in 28 day(s) | OECD 301D | Readily biodegradable                |

#### 12.3 Bioaccumulative potential

| Ingredient(s)                 | Value             | Method           | Evaluation                         | Remark |
|-------------------------------|-------------------|------------------|------------------------------------|--------|
| sodium alkylbenzenesulphonate | 3.32              | Method not given | High potential for bioaccumulation |        |
| sodium carbonate              | No data available |                  | No bioaccumulation expected        |        |
| d-limonene                    | No data available |                  | High potential for bioaccumulation |        |

| Ingredient(s)                        | Value             | Species | Method           | Evaluation                         | Remark |
|--------------------------------------|-------------------|---------|------------------|------------------------------------|--------|
| sodium<br>alkylbenzenesulphonat<br>e | 2-1000            |         | Method not given | High potential for bioaccumulation |        |
| sodium carbonate                     | No data available |         |                  | No bioaccumulation expected        |        |
| d-limonene                           | 683.1             |         | Method not given | High potential for bioaccumulation |        |

#### 12.4 Mobility in soil

| Ingredient(s)                 | Adsorption<br>coefficient<br>Log Koc | Desorption<br>coefficient<br>Log Koc(des) | Method | Soil/sediment<br>type | Evaluation                                       |
|-------------------------------|--------------------------------------|---|--------|-----------------------|--|
| sodium alkylbenzenesulphonate | No data available                    |   |        |                       |  |
| sodium carbonate              | No data available                    |   |        |                       | Potential for mobility in soil, soluble in water |
| d-limonene                    | No data available                    |   |        |                       | High potential for mobility in<br>soil           |

#### 12.5 Results of PBT and vPvB assessment

Substances that fulfill the criteria for PBT/vPvB, if any, are listed in section 3.

# 12.6 Other adverse effects

No other adverse effects known.

# SECTION 13: Disposal considerations

| 13.1 Waste treatment methods       | The concentrated contents or contaminated packaging should be disposed of by a certified handler  |
|------------------------------------|---|
| Waste from residues / unused       | or according to the site permit. Release of waste to sewers is discouraged. The cleaned packaging |
| products:                          | material is suitable for energy recovery or recycling in line with local legislation.             |
| European Waste Cataloque:          | 20 01 29* - detergents containing dangerous substances.   |
| Empty packaging<br>Recommendation: | Dispose of observing national or local regulations.   |

# SECTION 14: Transport information

# Land transport, Sea transport (IMDG), Air transport (ICAO-TI / IATA-DGR)\_

14.1 UN number: Non-dangerous goods

- 14.2 UN proper shipping name: Non-dangerous goods
- 14.3 Transport hazard class(es): Non-dangerous goods

Class: -

14.4 Packing group: Non-dangerous goods

Safety Data Sheet

14.5 Environmental hazards: Non-dangerous goods

14.6 Special precautions for user: Non-dangerous goods

14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code: The product is not transported in bulk tankers.

**Domestos Professional Urinal Blocks** 

# SECTION 15: Regulatory information

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

#### EU regulations:

• Regulation (EC) No. 1907/2006 - REACH

Regulation (EC) No 1272/2008 - CLP

Authorisations or restrictions (Regulation (EC) No 1907/2006, Title VII respectively Title VIII): Not applicable.

#### Ingredients according to EC Detergents Regulation 648/2004

anionic surfactants perfumes, Citral, Limonene, Citronellol

The surfactant(s) contained in this preparation complies(comply) with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the Member States and will be made available to them, at their direct request or at the request of a detergent manufacturer.

#### 15.2 Chemical safety assessment

A chemical safety assessment has not been carried out on the mixture

## SECTION 16: Other information

SDS code: MSDS3772

Version: 08.0

Revision: 2016-12-11

## Reason for revision:

This data sheet contains changes from the previous version in section(s):, 2, 3, 8, 9, 11, 12, 15, 16

#### Classification procedure

The classification of the mixture is in general based on calculation methods using substance data, as required by Regulation (EC) No 1272/2008. If for certain classifications data on the mixture is available or for example bridging principles or weight of evidence can be used for classification, this will be indicated in the relevant sections of the Safety Data Sheet. See section 9 for physical chemical properties, section 11 for toxicological information and section 12 for ecological information.

#### Full text of the R, H and EUH phrases mentioned in section 3:

H226 - Flammable liquid and vapour.

- H302 Harmful if swallowed.
- · H304 May be fatal if swallowed and enters airways.
- · H315 Causes skin irritation.
- · H317 May cause an allergic skin reaction. • H318 - Causes serious eye damage.
- · H319 Causes serious eye irritation.
- H400 Very toxic to aquatic life.
  H410 Very toxic to aquatic life with long lasting effects.
- H412 Harmful to aquatic life with long lasting effects.
- R10 Flammable.
- R22 Harmful if swallowed
- R36 Irritating to eyes.
- R38 Irritating to skin.
- · R41 Risk of serious damage to eyes.
- R43 May cause sensitisation by skin contact.
- R65 Harmful: may cause lung damage if swallowed.
- R50/53 Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

#### Abbreviations and acronyms:

- AISE The international Association for Soaps, Detergents and Maintenance Products
- DNEL Derived No Effect Limit
- · EUH CLP Specific hazard statement
- PBT Persistent, Bioaccumulative and Toxic
   PNEC Predicted No Effect Concentration
- REACH number REACH registration number, without supplier specific part
- vPvB very Persistent and very Bioaccumulative
- ATE Acute Toxicity Estimate

#### End of Safety Data Sheet

15 - 30 %
