Global Sourcing Company

RoHS Statement

In response to the legislated environmental directives being instituted all over the world, Group Gear Ltd has set a comprehensive program that is intended to promote compliance with the new laws. At this time, the key environmental directives are from the European Community, with many countries/states, either following these directives explicitly or instituting their own variations. The most notable directive is the RoHS (Restriction of the Use of Certain Hazardous Substances). According to 2002/95/EC RoHS legislation restriction, the use of certain hazardous substances to less the stated limit used in electronic products. The RoHS and equivalent directives prohibit use of the following substances in the products placed into the market effective 1st July, 2006 (The directive does not apply to spare components for the repairs or use of electrical/electronic equipment available for sale prior to 1st July 2006).

Criteria/Scope	Stated Limit	Text Ref
Pb(Lead)	<1000ppm (< 0.1% of weight)	2002/95/EC
Hg(Mercury)	<1000ppm (< 0.1% of weight)	2002/95/EC
Cd(Cadmium)	<100ppm (< 0.01% of weight)	2002/95/EC
Cr6+(Hexavalent Chromium)	<1000ppm (< 0.1% of weight)	2002/95/EC
PBB (Polybrominated Biphenyls)	<1000ppm (< 0.1% of weight)	2002/95/EC
PBDE (Polybrominated Diphenylethers)	<1000ppm (< 0.1% of weight)	2002/95/EC

Group Gear Ltd has received requirements from many customers to provide products conforming to these environmental regulations, and is actively making the effort to offer products and developing manufacturing process that are in compliance with the directive as soon as possible.

Our understanding from all our suppliers is that their products will be RoHS compliant.
