# TRINITY - a union or group of three things or closely related members.

Trinity meeting booths, sofas and modular soft seating with matching tables share a distinctly modern appearance. Fully upholstered lounge models include optional integrated power and USB charging for easy access in the seat base. With a well-balanced frame and solid construction, together with wrap-around seat base and design options, Trinity is a versatile solution combining comfort, style and durability for years to come.

## ] - Meeting booths

2 or 4 seater meeting booths with surround screens for added privacy

## ] - Modular seating

Create a versatile office interior with runs of seating and table options

## ] - Sofas

1 or 2 seater sofas with integrated power supply built into the frame

# TRINITY - sofas

Trinity soft seating provides a place for different groups to meet and for individuals to step out of their routines, with generously proportioned seats offering a clean aesthetic whilst also comfortably supporting long periods of use. Trinity can work alone as a sofa collection, as a private retreat or as an agile meeting space capable of transforming an open area into a collaborative space.

## Trinity - classic comfort

Power supply with UK plug and USB built into the upholstered chair frames for more focussed, secluded work. Coffee tables offer a perfect solution for employees to catch up over a drinks break.

# TRINITY - mobile lounging

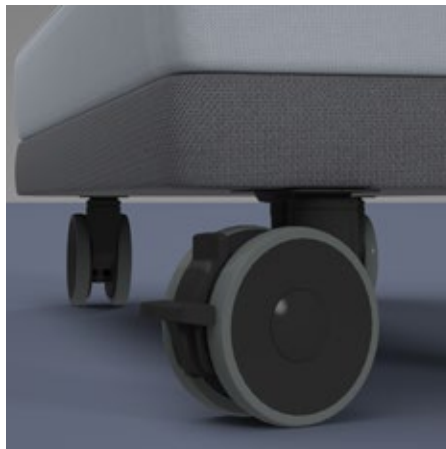

The Trinity agile seating collection is characterised by its mobility, cushioned seating and versatility in configuration, ideal for open plan spaces in the modern workplace and communal areas. The heavy duty castors enable users to adapt the furniture arrangement to different work needs, configuring a solution that's comfortable for relaxation time, team meetings or solo working.

## Trinity - mix & match

A comfortable place to lounge with heavy duty castors for mobility and ease of movement. Can be combined with agile systems furniture and tables for expanded work and meeting options.

# TRINITY - modular

Whether you're getting together for a quick chat, to catch up on a project or in need of some down time, Trinity is more than up to the task. The Trinity modular seating range of sofas, ottomans and coffee tables are available in a variety of sizes and configurations, with integrated power supply and USB charging built into the fully upholstered frame that defines the collection.

## Trinity - changing it up

Optional high back privacy screens with decorative fixings provide visual and acoustic benefits. Stylish black tapered legs also complement the black screen fixings and power modules.

# TRINITY - solo work pods

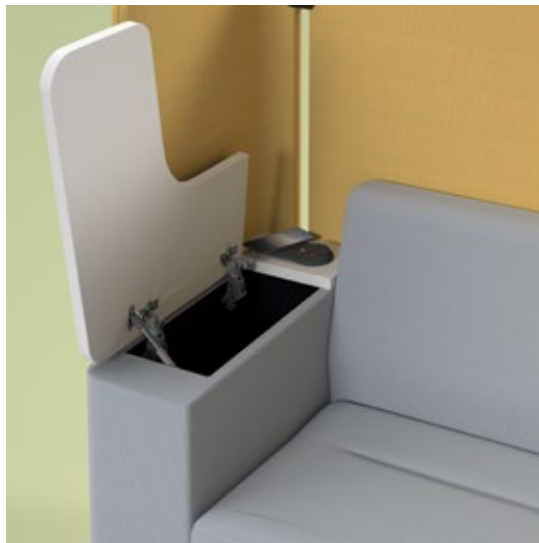

The Trinity privacy booth style chair reflects the change towards a comfortable, informal working environment, allowing the user to escape the distractions of open plan spaces. The enclosed high back and sides create visual and acoustic privacy to support individual quiet time, perfect for phone calls or for focus work requiring concentration and quiet time.

## Trinity - special powers

Single seater work pods complete with folding table for private working with additional storage. The Pixel Arc power module provides wireless phone charging, USB ports plus a UK plug.

# TRINITY - meeting booths

In an era of open space working, this Trinity meeting booth is designed to create a space where people can work, team up or gather. The ergonomically designed seating, high privacy screens and stylish design make the Trinity an inviting space conducive to extended discussions, with power solutions to ensure employees have all the tools they need to work efficiently.

## Trinity - personal spaces

The built-in meeting table features a scallop for integrated power supply, ideal for a clip-on module. Sofas available with or without arms to combine contemporary comfort and modern versatility.
