

Book Protection Products

We've got it covered

cover clear®

Our world famous cover clear® book covering film is made from an easy-to-use transparent polypropylene (PP) which is perfect for protecting books, maps, posters, photographs and other documents.

- ✓ Self-adhesive and non-adhesive film available
- ✓ Choice of initially repositionable, permanent or stick'n'peel™ versions
- ✓ Widths ranging from 30cm - 100cm
- ✓ Roll lengths from 1m - 3000m
- ✓ Wide range of film thicknesses for different applications and markets
- ✓ No discolouration or yellowing of books

cover clear® stick'n'peel™

cover clear® stick'n'peel™ uses a low tack adhesive, allowing for long-term peelability

- ✓ Ideal if books are to be sold or returned at the end of the school year
- ✓ Easy to remove air bubbles or to correct mistakes
- ✓ No discolouration or yellowing of books

coverguard™

This innovative anti-microbial covering film inhibits the growth of bacteria on its surface, providing peace of mind for those seeking optimal hygiene conditions and protection from the spread of bacteria. coverguard™ uses silver ion technology, which is incorporated into the polypropylene (PP) giving protection even as the surface wears away.

- ✓ Highly effective against a range of micro-organisms
- ✓ Long lasting anti-microbial action
- ✓ Provides the new standard in hygiene and protective covering in hospitals, schools, nurseries, kitchens, offices and in the home
- ✓ Cost effective protection

cover crystal™

Specially created for schools and the craft and hobby markets, cover crystal™ self-adhesive holographic film provides a personalised touch to books, cards and decorations.

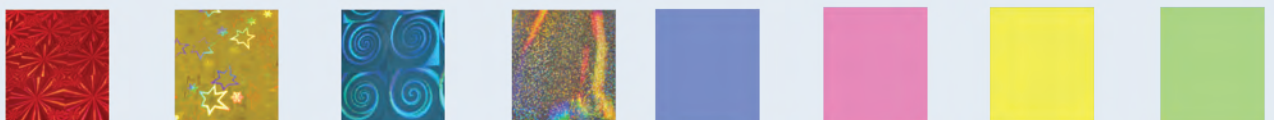

- ✓ A choice of 4 designs
- ✓ Available in a range of lengths, with a standard width of 45cm

cover colour™

Add a touch of colour with our range of translucent coloured polypropylene (PP) rolls. Available in 4 colours, cover colour™ provides great protection for books and documents, and can also be used for arts and crafts projects.

- ✓ Allows books and documents to be colour coded between departments and subjects
- ✓ Available in a range of sizes

tenzacovers™

tenzacovers™ are non-adhesive, reusable, 180 micron PVC slip-on book jackets, suitable for all paperback books. Our extensive range caters for all book sizes thanks to the adjustable back flap and flexible vinyl which ensure easy application and a snug fit.

- ✓ Provides protection to both covers and spine
- ✓ Available in a vast range of sizes
- ✓ Can be used again and again

tenzacovers™ for Exercise Books

tenzacovers™ for Exercise Books are reusable, 150 micron PVC slip-on book jackets, designed specifically for exercise books to protect and prolong their life span throughout the school year. Books can be colour coded by subject thanks to a range of four colours.

- ✓ Available in packs of red, blue, green, yellow, and assorted
- ✓ Can be used again and again

croc-covers®

croc-covers® are fantastic one-piece, rigid, self-adhesive book covers made from tough polypropylene/polyester (PP/PET). croc-covers® turn paperbacks into hardbacks quickly, neatly and effectively. Used by professionals, in schools and universities, croc-covers® are the ideal way of protecting valuable books without the risk of discolouration or yellowing.

- ✓ Made from 300 micron PP, with polyester spine
- ✓ Available in 5 standard sizes, ensuring minimal waste
- ✓ Easy to use - no mess or fuss

cover-flex™

cover-flex™ is perfect for protecting dust covers on hard back books. Available in 3 roll lengths, cover-flex™ can be cut to size to fit virtually any dust cover. Made from 75 micron polypropylene (PP), cover-flex™ is flexible and easy to use, yet tough enough to protect the dust cover and prolong the life span of the book.

- ✓ Available in roll lengths of 25m, 50m and 75m
- ✓ Quick and easy to use
- ✓ No discolouration or yellowing of book covers
