

# **MATERIAL SAFETY DATA SHEET**

## **1. Product and Company Identification**

Identification of the preparation	HP Color LaserJet C8553A Magenta Print Cartridge
Product use	This product is a magenta toner preparation that is used in HP Color LaserJet 9500/9500mfp series printers.
Version #	08
Revision date	30-Mar-2012
Company identification	Hewlett-Packard Company 3000 Hanover Street Palo Alto, CA 94304-1185 United States Telephone 650-857-1501 Hewlett-Packard health effects line (Toll-free within the US) 1-800-457-4209 (Direct) 1-503-494-7199 HP Customer Care Line (Toll-free within the US) 1-800-474-6836 (Direct) 1-208-323-2551 Email: hpcustomer.inquiries@hp.com

# 2. Hazards Identification

Acute health effects	
Skin contact	Unlikely to cause skin irritation.
Eye contact	May cause transient slight irritation
Inhalation	Minimal respiratory tract irritation may occur with exposure to large amounts of toner dust.
Ingestion	Low acute toxicity. Ingestion is a minor route of entry for intended use of this product.
Potential health effects	
Routes of exposure	Potential routes of exposure under normal use conditions are skin and eye contact; and inhalation
	Ingestion is not expected to be a primary route of exposure for this product under normal use conditions.
Chronic health effects	Prolonged inhalation of excessive amounts of any dust may cause lung damage. Use of this product as intended does not result in inhalation of excessive amounts of dust.
Carcinogenicity	Titanium dioxide is classified by the IARC as a Group 2B carcinogen (the substance is possibly carcinogenic to humans). The IARC classification was based on high concentrations of titanium dioxide particles in animal lungs. Under intended use of this toner product, exposure to titanium dioxide is much lower.
Other information	This product is not classified as hazardous according to OSHA CFR 1910.1200 or EU Directive 1999/45/EC, as amended.
	This preparation contains no component classified as Persistent, Bioaccumulative, and Toxic (PBT) or very Persistent and very Bioaccumulative (vPvB) as defined under Regulation (EC) 1907/2006.
3. Composition / Informat	ion on Ingredients

Components	CAS #	Percent
Styrene acrylate copolymer	Trade Secret	< 85
Pigment	Trade Secret	< 10
Wax	Trade Secret	< 10
Titanium dioxide	13463-67-7	< 1

### 4. First Aid Measures First aid procedures Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at Eye contact least 15 minutes or until particles are removed. If irritation persists, consult a physician. Skin contact Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists. Inhalation Move person to fresh air immediately. If irritation persists, consult a physician. Ingestion Rinse mouth out with water. Drink one to two glasses of water. If symptoms occur, consult a physician. 5. Fire Fighting Measures **Flammable properties** Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air. **Extinguishing media** Suitable extinguishing CO2, water, or dry chemical media Unsuitable extinguishing None known. media **Protection of firefighters Protective equipment** If fire occurs in the printer, treat as an electrical fire. and precautions for firefighters **Specific methods** None established. Hazardous combustion Carbon monoxide and carbon dioxide. products 6. Accidental Release Measures **Personal precautions** Minimize dust generation and accumulation. **Environmental precautions** Do not flush into surface water or sanitary sewer system. See also section 13 Disposal considerations.

Other informationSlowly vacuum or sweep the material into a bag or other sealed container. Clean remainder with a<br/>damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust<br/>explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of in compliance with<br/>federal, state, and local regulations.

7. Handling and Storage	
Handling	Keep out of the reach of children. Avoid inhalation of dust and contact with skin and eyes. Use with adequate ventilation. Keep away from excessive heat, sparks, and open flames.
Storage	Keep out of the reach of children. Store at room temperature. Store away from strong oxidizers. Keep tightly closed and dry.

## 8. Exposure Controls / Personal Protection

cupational exposure limits			
ACGIH			
Components	Туре	Value	
Titanium dioxide (13463-67-7)	TWA	10.0000 mg/m3	
U.S OSHA			
Components	Туре	Value	Form
Titanium dioxide (13463-67-7)	PEL	15.0000 mg/m3	Total dust.
U.S Tennessee			
Components	Туре	Value	Form
Titanium dioxide (13463-67-7)	TWA	10.0000 mg/m3	Total dust.

9. Physical & Chemical P	roperties
General	No personal respiratory protective equipment required under normal conditions of use.
Personal protective equipment	t line in the second
Engineering controls	Use in a well ventilated area.
	ACGIH (TWA/TLV): 10 mg/m3 (Inhalable Particulate), 3 mg/m3 (Respirable Particulate)
Exposure guidelines	USA OSHA (TWA/PEL): 15 mg/m3 (Total Dust), 5 mg/m3 (Respirable Fraction)

#### ľ 7

Appearance	Fine powder
Color	Magenta
Odor	Slight plastic odor
Odor threshold	Not available.
Physical state	Solid
Form	solid
рН	Not applicable
Melting point	Not available.
Freezing point	Not available.
Boiling point	Not applicable
Flash point	Not applicable
Evaporation rate	Not applicable
Flammability limits in air, upper, % by volume	Not available.
Flammability limits in air, lower, % by volume	Not flammable
Vapor pressure	Not applicable
Vapor density	Not available.
Specific gravity	1 - 1.2 (H2O = 1)
Relative density	Not available.
Solubility (water)	Negligible in water. Partiall soluble in toluene and xylene.
Auto-ignition temperature	Not applicable
Decomposition temperature	Not available.
Softening point	212 - 302 °F (100 - 150 °C)
Viscosity	Not applicable
Percent volatile	0 % estimated
VOC	Not available.
Other information	Decomposition temperature: > 200 ° C
10. Chemical Stability &	Reactivity Information

Chemical stability	Stable under normal storage conditions.
Incompatible materials	Strong oxidizers
Hazardous decomposition products	Carbon monoxide and carbon dioxide.
Possibility of hazardous reactions	Will not occur.

# **11. Toxicological Information**

Oral toxicity	LD50/oral/rat >2000 mg/kg; (OECD 401); Not harmful.
Carcinogenicity	Titanium dioxide is classified by the IARC as a Group 2B carcinogen (the substance is possibly carcinogenic to humans). The IARC classification was based on high concentrations of titanium dioxide particles in animal lungs. Under intended use of this toner product, exposure to titanium dioxide is much lower.
	None of the other ingredients in this preparation are classified as carcinogens according to ACGIH, EU, IARC, MAK, NTP or OSHA.

ACGIH Carcinogens Titanium dioxide (CAS 134	463-67-7)	A4 Not classifiable as a human carcinogen.
IARC Monographs. Overall		
Titanium dioxide (CAS 134	463-67-7)	2B Possibly carcinogenic to humans.
IARC Monographs: Eviden	ce of carcinogenicity in hur	nans
Titanium dioxide (CAS 134	463-67-7)	Inadequate data.
Serious eye damage/eye irritation	Not classified as irritant, according birective 67/548/EEC and as	ording to OSHA Hazard Communication Standard (HCS) and EU amended.
Chronic toxicity	No information available.	
Sensitization	Not classified as a sensitizer HCS (US).	according to EU Directive 67/548/EEC and as amended, and OSHA
Mutagenicity	Negative, does not indicate r	nutagenic potential (Ames Test: Salmonella typhimurium)
Reproductivity	Not classified as toxic accord and DFG (Germany).	ing to EU Directive 67/548/EEC and as amended, California Prop. 65,
Symptoms and target organs		
Target Organs (NIOSH)		
Titanium dioxide (CAS 134	463-67-7)	Respiratory system
Further information		ot available for this specific formulation ial health effects and Section 4 for first aid measures.
12. Ecological Informatio	n	
Ecotoxicity	LL50: > 1000 mg/l, Fish, 96.	00 Hours
Persistence and degradability	Not available.	
13. Disposal Consideration		
Disposal instructions		, unless dust-explosion prevention measures are taken. Finely explosive mixtures in air. Dispose of in compliance with federal, state
	of HP original inkjet and Lase	ark) supplies recycling program enables simple, convenient recycling erJet supplies. For more information and to determine if this service please visit http://www.hp.com/recycle.
14. Transport Informatio	n	
Further information	Not a dangerous good under	DOT, IATA, ADR, IMDG, or RID.
15. Regulatory Informati	on	
US federal regulations	US EPA TSCA Inventory: All under TSCA.	chemical substances in this product comply with all rules or orders
CERCLA (Superfund) reportabl None	e quantity	
Occupational Safety and Healt	h Administration (OSHA)	
29 CFR 1910.1200 hazardous chemical	No
