### 1. Product and Company Identification

Identification of the preparation	HP Color LaserJet C8561A Imaging Drum Cartridge
Product use	This product is an imaging drum that is used in HP Color LaserJet 9500/9500mfp series printers.
Version #	01
Revision date	31-Mar-2012
Company identification	Hewlett-Packard Company 3000 Hanover Street Palo Alto, CA 94304-1185 United States Telephone 650-857-1501 Hewlett-Packard health effects line

### 2. Hazards Identification

Acute health effects	
Skin contact	Unlikely to cause skin irritation.
Eye contact	May cause transient slight irritation
Inhalation	Minimal respiratory tract irritation may occur with exposure to large amounts of toner dust. Use of this product as intended does not result in inhalation of excessive amounts of dust.
Ingestion	Low acute toxicity. Ingestion is a minor route of entry for intended use of this product.
Potential health effects	
Routes of exposure	Potential routes of exposure under normal use conditions are skin and eye contact; and inhalation
	Ingestion is not expected to be a primary route of exposure for this product under normal use conditions.
Chronic health effects	Prolonged inhalation of excessive amounts of any dust may cause lung damage. Use of this product as intended does not result in inhalation of excessive amounts of dust.
Carcinogenicity	Titanium dioxide is classified by the IARC as a Group 2B carcinogen (the substance is possibly carcinogenic to humans). The IARC classification was based on high concentrations of titanium dioxide particles in animal lungs. Under intended use of this toner product, exposure to titanium dioxide is much lower.
Other information	This product is not classified as hazardous according to OSHA CFR 1910.1200 or EU Directive 1999/45/EC, as amended.
	This preparation contains no component classified as Persistent, Bioaccumulative, and Toxic (PBT) or very Persistent and very Bioaccumulative (vPvB) as defined under Regulation (EC) 1907/2006.

#### 4. First Aid Measures **First aid procedures** Eye contact Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists, consult a physician. Skin contact Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists. Move person to fresh air immediately. If irritation persists, consult a physician. Inhalation Rinse mouth out with water. Drink one to two glasses of water. If symptoms occur, consult a Ingestion physician. 5. Fire Fighting Measures **Flammable properties** Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air. **Extinguishing media** Suitable extinguishing CO2, water, or dry chemical media Unsuitable extinguishing None known.

If fire occurs in the printer, treat as an electrical fire.

Carbon monoxide and carbon dioxide.

None established.

6. Accidental Release Measures		
Personal precautions	Minimize dust generation and accumulation.	
Environmental precautions	Do not flush into surface water or sanitary sewer system. See also section 13 Disposal considerations.	
Other information	Slowly vacuum or sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of in compliance with federal, state, and local regulations.	
7. Handling and Storage		
Handling	Keep out of the reach of children. Avoid inhalation of dust and contact with skin and eves. Use	

Handling	with adequate ventilation. Keep away from excessive heat, sparks, and open flames.
Storage	Keep out of the reach of children. Keep tightly closed and dry. Store away from strong oxidizers. Store at room temperature.
