Skin and body protection: Suitable clothing

Collective emergency equipment: Eye fountain .Safety shower

Hygiene measures: Do not drink, eat or smoke in the workplace

9. Physical and Chemical properties

General Information

Form: Liquid on inert carrier material

Change in condition

Melting point/Melting range: Undetermined.

Boiling point/Boiling range: Undetermined.

10. Stability and reactivity

Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

Dangerous reactions: No dangerous reactions known.

Dangerous decomposition products: No dangerous decomposition products known.

11. Toxicological information

Primary irritant effect:

on the skin: No irritant effect.

on the eye: No irritating effect.

Sensitization: No sensitizing effects known.

When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us

12. Ecological information

Product as is: Avoid discharge of the product as into the environment

Ecotoxicity: Effects on the aquatic environment: Organic Pigments May cause adverse effects to the aquatic environment.

13. Disposal conditions

Product:

Recommendation Smaller quantities can be disposed of with household waste.

Unlearned packaging:

Recommendation: Disposal must be made according to official regulations.

14. Transport information

Marine pollutant: No

15. Regulatory information

There is some useful information about the regulation.

Risk phrases:

R22: Harmful if swallowed

R52: Harmful to aquatic organisms

Safety phrases:

S24: Avoid contact with skin

S57: Use appropriate containment to avoid environmental contamination

16. Other information

The information is based on the present state of knowledge and current. It provides guidance on health, safety and environmental aspects of the product and should not be construed as any guarantee of technical performance or suitability for particular applications. As the specific conditions of use of the product are beyond the suppliers' control, the user is responsible for ensuring that the requirements of relevant legislation are complied with.
