

#### **1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION**

Product: ink used to fill Epson T050 BK reman cartridge

Supplier: Supplies Team Address: Sheffield Airport Business Park, Europa Link, Sheffield, S9 1 XU Information Phone: 0114 256 6000

#### 2. HAZARDS IDENTIFICATION

Classification of the substance or mixture Classification according to Regulation (EC) No1272/2008

Skin Irrit 2, H315 Causes skin irritation

# Classification according to Directive 67/548/EEC or Directive 1999/45/EC

Information concerning particular hazards for humans and environment:

The product does not have to be labeled due to the calculation procedure of the "General Classification guideline for the preparations of the EU" in the latest valid version

#### **Classification system**:

The classification is according to the latest of the EU-lists, and extended by company and literature data.

#### Label elements

#### Labelling according to EU regulations:

The product is not subject to classification according to the calculation methods of the "General Classification Guideline for Preparations of the EU" as issued in the latest valid version. Observe the general safety regulations when handling chemicals.

#### Special labelling of certain preparations:

Safety data sheet available for professional user on request. Other hazards Results of PBT and vPvB assessment PBT: Not applicable vPvB: Not applicable

#### 3. COMPOSITION / INFORMATION ON INGREDIENTS

#### **Chemical characterization: Mixtures** Classification **CLP** Classification Name Cas-No Content 2,2'-(ethylenedioxy) diethanol 112-27-6 <10% Butan-1-ol <5% Xn R22 R10-67 71-36-3 Flam Liq 3, H226 Xi R37/38-41 Eye Dam 1, H318 Acute Tox 4, H302 Skin Irrit 2, H315 STOT SE 3. H335 & H336

Additional information: for the wording of the listed risk phrases refer to section 16.

#### 4. FIRST AID MEASURES

General information: no special measures required.

Inhalation: supply fresh air: and consult a doctor. In case of unconsciousness place patient stably in side position for transportation.

Skin contact: immediately wash with water and soap and rinse thoroughly.

Eye contact: rinse opened eye for several minutes under running water.

Swallowing: if symptoms persist consult doctor.

Information for doctor: No further relevant information available.

### **5. FIRE FIGHTING MEASURES**

Extinguishing media: CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture: no further relevant information available. Advice for firefighters

Protective equipment: no special measures required.

## 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures: not required,

Environmental precautions: dilute with plenty of water. Do not allow to enter sewers/surface or ground water. Methods and material for containment and cleaning up: Absorb with liquid binding material (sand, diatomite, sawdust).

No dangerous substances are released.

## 7. HANDLING AND STORAGE

Usage Precautions for safe handling: Ensure good ventilation/exhaustion at the workplace. Prevent formation of aerosols.

Information about fire-and explosion protection: no special measures required Storage:

Requirements to be met by storerooms and containers: No special requirements. Information about storage in one common storage facility: not required.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Components with limit values that require monitoring at the workplace: 71-36-3 butane-1-ol WEL short-term value: 154 mg/m3, 50ppm Exposure controls Personal protective equipment: General protective and hygiene measures: Immediately remove all soiled and contaminated clothing Wash hands before breaks and at the end of work. The usual precautionary measures for handling chemicals should be followed. Respiratory protection: in case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use self-contained respiratory protective device Protection of hands: Protective gloves Eye protection: Safety glasses recommended during refilling. Body protection: not required **9. PHYSICAL AND CHEMICAL PROPERTIES** 

Information on basic physical and chemical properties General information Appearance: Form/State: Fluid Colour: Black Odour: Mild

Revision 1.0 Page 3 of 5 31/03/2015

Solubility in water: Miscible pH value at 20°C: 8.5 Change in condition Melting point/melting range: undetermined Boiling point/boiling range: undetermined Flash point: not applicable Auto-igniting: product is not self-igniting Danger of explosion: product does not present an explosion hazard. Explosion limits: Lower: not applicable - Upper: not applicable Density at 20 °C: 1.06 g/cm<sup>3</sup> Viscosity at 20 °C: 3 mmPas

## **10. STABILITY AND REACTIVITY**

Chemical stability:

Thermal decomposition/conditions to be avoided: Stable under recommended storage and handling conditions. Possibility of hazardous reactions: no dangerous reactions know if used according to specifications.

Conditions to avoid: no further relevant information available.

Incompatible materials: no further relevant information available.

Hazardous decomposition products: no dangerous decomposition products known.

## **11. TOXICOLOGICAL INFORMATION**

Information on toxicological effects

Primary irritant effect:

On the skin: no irritating effect

On the eye: no irritating effect

Senstisation: sensitizing possible through skin contact

The product is not subject to classification according to the calculation method of the General EU

Classification Guidelines for Preparations as issued in the latest version.

When used and handled according to specifications, the products do not have any harmful effects in our experience and the information provided to us.

**12. ECOLOGICAL INFORMATION** Toxicity Aquatic toxicity: no further relevant information available Persistence and degradability: no further relevant information available Behavior in environmental systems: Bio accumulative potential: no further relevant information available Mobility in soil: no further relevant information available Additional ecological information: General notes: Water hazard class 1: slightly hazardous for water Do not allow undiluted product or large quantities to reach ground water, water course or sewage system. Results of PBT and vPvB assessment PBT: not applicable vPvB: not applicable Other adverse effects: no further relevant information available. **13. DISPOSAL CONSIDERATIONS** 

# Waste treatment methods:

Recommendation: waste material must be disposed of in accordance with local regulations. Uncleansed packaging:

Recommendations: empty contaminated packaging thoroughly. They can be recycled after thorough and proper cleaning. Packaging that cannot be cleansed are to be disposed of in the same manner as the product.

## **14. TRANSPORT INFORMATION**

UN- number: ADR, ADN, IMDG, IATA: None UN proper shipping name: ADR, ADN, IMDG, IATA: None Transport hazard class: ADR, ADN, IMDG, IATA: None Packing group: ADR, IMDG, IATA: None Environmental hazards Marine pollutant: No Special precautions for user: Not applicable Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code: Not applicable UN "Model Regulation":

#### **15. REGULATORY INFORMATION**

#### Special labeling of certain preparations:

Safety data sheet available for professional user on request. Chemical safety assessment: A chemical safety assessment has not been carried out.

#### **16. OTHER INFORMATION**

Relevant Phrases H226 flammable liquid and vapour H302 harmful if swallowed H315 causes skin irritation H318 causes serious eye damage H335 may cause respiratory irritation H336 may cause drowsiness or dizziness

R10 flammable R22 harmful if swallowed R37/38 irritating to respiratory system and skin R41 Risk of serious damage to eyes R67 Vapours may cause drowsiness and dizziness.

The information contained in this safety data sheet is provided in accordance with the requirements of the regulations. The product as contained within an inkjet cartridge and used according to normal usage, doesn't present environmental or health risks. The cartridge should be treated in such a way so as no ink spills into the environment without first referring to the supplier and obtaining written handling instructions. As the specific conditions of use of this product are outside the supplier's control, the user is responsible for ensuring that requirements of relevant legislation are complied with.

The information contained herein is for health and safety guidance only and does not constitute a specification. It is, to the best of our knowledge and belief, accurate. However since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred by use of this material. It is the responsibility of the end user to comply with all applicable laws and regulations.

Nothing contained herein is to be construed as a recommendation for use in violation of any patents or of applicable laws or regulations.
