Date: December 09, 2015

Product	
Trade name:	Description:
Highlighter JOB 180	Highlighter , cap with plastic clip,
	

Components		
Barrel:		Ink:
Used material per pen:		Filling per pen: 5,3-5,7g
polypropylene (PP) polyester	12,50g 2,26g	Water-based ink, includes 60-70% water, polyvalent alcohols, dyes or pigments, wetting agents, emulsifier, preservative, alkaline agents,

Indication for security and environment		
Barrel:		Ink:
Hazardous ingredients:		Hazardous ingredients CAS Labeling
none according to EU directives,		Sodium carbonate 497-19-8 H319
		Solvent Green 7 6358-69-6 H315,H319;H335
		Reaction mixture of 55965-84-9 H301,H311,H331
		chlormethylisothiazolinone H314,H318,H317,
		methylisothiazolinone (3:1) H400,H410
		Depending on ink colour, the ink can contain one or several of these substances. The inks are labelled under EUH 208: contains a mixture of chlormethylisothiazolinone and methylisothiazolinone (3:1), can to cause of allergic reactions,
Indication:		Flashpoint:
Plastics are died with cadmium-free pigments.		not applicable
Flashpoint:		Solubility in water:
none, melting point: >120°C		soluble
Solubility in water:		Contact with skin:

Product data sheet

insoluble	clear with soap and water, do not use solvents,
Extinguishing media: <ul style="list-style-type: none"> • Water • CO₂ • Dry extinguisher • Foam 	If swallowed: rinse mouth with water, give a lot of water for drinking, consult a doctor,
	Eyes: keep eyes open, rinse with water for least 10 minutes, consult a doctor,
Disposal: Environmentally friendly. No contamination of air or ground water in combusting plant. Empty refills can be disposed off with daily garbage considering local regulations.	Disposal: According to local regulation, ex. to dispose of as colours. European waste catalogue "Code 080111".

Our specifications in this form of product information refer to the standard amount of products. Eventually they are not applicable for materials and preparations in amounts used for industrial production.

The above mentioned data are based on our today's knowledge. They don't guarantee characteristics. Users of our products have to consider present laws and regulations in own responsibility.

Since 1998 Schneider has been certified according to the world's strictest environmental management system EMAS. It is the first company in the writing instruments industry to hold this certification.
